4.40 UNBALANCED BIDDING PROHIBITED

The City recognizes that large and/or complex projects will often result in a variety of methods, sources, and prices. Examples of unbalanced bids include:

- A. Bids showing omissions, alterations of form, additions not specified, or required conditional or unauthorized alternate bids.
- B. Bids quoting prices that substantially deviate, either higher or lower, from those included in the bids of competitive Bidders for the same line item unit costs.
- C. Bids where the unit costs offered are in excess of, or below reasonable cost analysis values.

In the event the City determines that a bid is presumed unbalanced, it will request the opportunity to and reserves the right to, review all source quotes, bids, price lists, letters of intent, and other supporting documentation which the Bidder obtained and upon which the Bidder relied upon to develop its bid. The City reserves the right to deem any presumptive unbalanced bid where the Bidder is unable to demonstrate the validity and/or necessity of the unbalanced unit costs as non-responsive.

4.41 FRONT LOADING OF BID PRICING PROHIBITED

Prices offered for performance and/or acquisition activities, which occur early in the Project Schedule, such as mobilization; clearing and grubbing; or maintenance of traffic; that are substantially higher than pricing of competitive bidders within the same portion of the Project Schedule, will be presumed to be front-loaded. Front loaded bids could reasonably appear to be an attempt to obtain unjustified early payments creating a risk of insufficient incentive for the bidder to complete the Work or otherwise creating an appearance of an undercapitalized bidder.

The City reserves the right to reject as nonresponsive any presumptive front-loaded bids where the bidder is unable to demonstrate the validity and/or necessity of the front-loaded costs.

4.42 REASONABLE PRICES

A reasonable unit price must be submitted for each work element. In the event any pay item unit price is determined to be unreasonably low or unreasonably high, the bid may be declared non-responsive and may not be considered.

This statement is not applicable to duly authorized and agreed upon amendments to the agreement and/or duly authorized and agreed upon change orders if applicable.

4.70 TIE BIDS

When all considerations of a bid or proposal are equal and the City must break the tie, the Procurement official may consider any or a combination of the following factors in order to break the tie:

1. Priority will be given to the respondent certifying that their firm has a *Drug-Free Workplace Program* published at the time of the issuance of the solicitation. Respondents will be required to provide a copy of their Drug-Free Workplace Program published at the time of the issuance of the submittal;
2. If still tied, consideration shall be given to the Respondent with lowest price submittal amongst the tied proposals;
3. Best and Final Offer - Within 24 hours of a request by the City, tie bidders shall submit a *Best and Final offer*;

If the above options are not practical or do not result in breaking the tie, the Procurement official may utilize a flip of the coin to resolve the tie. If time permits, the bidders involved shall be given an opportunity to attend the coin flip. At least one (1) person shall witness the coin flip, and the contract file shall contain the name(s) and address(es) of the witness(es) and the person supervising the coin flip.
