# NOTICE OF HEARING TO ADOPT NON-AD VALOREM STORMWATER ASSESSMENT RATES

Notice is hereby given that the City Council of the City of Cocoa, Florida, will conduct a public hearing to consider adopting updated Stormwater Assessment non-ad valorem assessment rates, to pay a portion of annual stormwater costs related to the provision of Stormwater services, facilities and programs to properties within the City pursuant to Ordinance 10-2019 previously adopted by the City Council in 2019. The proposed updated rates will not exceed the maximum ERU previously adopted by the City Council. The City Council may continue hearings on the matter and the date and time for continuance shall be announced at the public hearing without further written notice of the continued hearing to the public. The decision on whether to impose the assessment will be made either at this public hearing at the time and date listed below or at a continuance of the public hearing to be held, if necessary. Note: The proposed assessment, if adopted, will replace the current Stormwater Assessment and will not be in addition to the current Stormwater Assessment.

The public hearings will be held on August 26, 2020 at 6:00 P.M. and September 9, 2020, at 6:00 PM or soon thereafter, at the Council Chambers, 65 Stone St., Cocoa, FL 32922, for the purpose of considering approval of the Preliminary and Final Assessment Resolutions and receiving public comment on the proposed assessment. The final decision on the assessment will be made by the City Council during the public hearings. If necessary, the City Council may continue the public hearings and the date and time for continuance shall be announced at the public hearing without further written notice of the continued hearing to the public. All affected property owners have a right to attend and speak at the hearing and to file written objections and/or comments with the City Council.

Copies of the above-referenced Ordinance, Resolutions, and the non-ad valorem assessment roll are on file with and may be viewed during normal business hours at the Office of the City Manager or at the Office of the City Clerk, both located at 65 Stone Street, Cocoa, FL 32922.

The total annual stormwater assessment revenue to be collected within the City for Fiscal Year 2021 is estimated to be approximately \$1,900,000. For the purpose of this non-ad valorem assessment, benefited parcels are all parcels within the City limits of the City of Cocoa except for properties with government ownership, public roads and rights-of-way, vacant parcels, railroad tracks, certain educational establishments, bona-fide agricultural operations, parcels with less than 400 square feet of impervious surface, and such other exempt properties determined by lawful action of the City Council. The amount of the annual stormwater assessment imposed against each property is based on an impervious area apportionment method whereby a portion of the City's annual stormwater budget is allocated to properties based upon the total impervious area of each individual parcel. For single family residential parcels (including up to three dwelling units), parcels will be placed in to one of three tiers based on the amount of impervious area measured on the individual parcel rounded down to the nearest hundred sq. ft. Tier 1 ranges from 400 - 2,300 sq. ft., Tier 2 ranges from 2,400 - 4,400 sq. ft., and Tier 3 is greater than 4,400 sq. ft. The assessment for each tier is presented in the table below. For non-single-family parcels, each parcel is assigned a number of Equivalent Residential Units (ERUs) that is calculated based on the measured amount of impervious area on the parcel rounded down to the nearest hundred sq. ft. divided by the ERU definition of 3,100 sq. ft. (which is the average impervious area of a single-family parcel. The annual fee assessed to each parcel is then determined by multiplying \$120.97 (as presented in the table below), which represents the stormwater assessment per ERU, by the number of ERUs for each non-single-family parcel.

| FY 2021 Assessment Rates for Single Family Parcels (up to three units) |                                                  |                                                       | FY 2021 Assessment Rate for Non-Single Family Parcels |
|------------------------------------------------------------------------|--------------------------------------------------|-------------------------------------------------------|-------------------------------------------------------|
| Tier 1: 400 – 2,300 sq. ft. of impervious area                         | Tier 2: 2,400 – 4,400 sq. ft. of impervious area | Tier 3: Greater than 4,400 sq. ft. of impervious area |                                                       |
| \$78.43                                                                | \$120.67                                         | \$209.97                                              | \$120.67 Per ERU                                      |

Note that parcels with less than 400 sq. ft. will not be assessed as the impact upon the stormwater system is de minimis. For parcels that have constructed permitted, on-site facilities that meet the criteria outlined in Final Rate Resolution that mitigate the stormwater runoff from the parcel, a property owner may apply for a mitigation credit against the parcel's stormwater assessment. For those parcels that currently have a mitigation credit in the current stormwater user fee, those credits have been recognized in the assessment amount above.

The annual assessment will be increased by 9.0% in Fiscal Year 2022 and 3.0% each year thereafter that the assessment is levied up to a maximum assessment of \$102.09 for Tier 1, \$157.06 for Tier 2, \$273.29 for Tier 3 and \$157.06 per ERU, and a maximum assessment rate of \$157.06 per ERU for non-single-family parcels that are not subject to the tiered assessment. The non-ad valorem assessment is an annual assessment which will continue from year to year. For Fiscal Year 2021 and each year thereafter, the assessment will be collected by the Brevard County Tax Collector on the Ad-Valorem Tax bill to be mailed in November. The annual assessment amount will include expenses incurred by the City in administering and collecting the assessment including fees imposed by the County property appraiser and tax collector and will be adjusted as necessary to account for any statutory discounts which are necessitated when employing the efficiencies of collecting the assessments annually on the same bill as property taxes. Florida law provides that failure to pay the assessment will cause a tax certificate to be issued against the assessed property which may result in a loss of title. Annual adjustments to this assessment, including increases, may be implemented and the maximum assessment rates presented above are authorized to provide sufficient future revenues (in addition to other legally available funds) for the City to provide stormwater services, facilities and programs at appropriate levels of service.

If a person decides to appeal any decision made by the City Council with respect to any matter considered at the hearing, he or she will need a record of the proceedings and, for such purpose, may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the City Clerk's Office at (321) 433-8488 at least two days prior to the date of the hearing. If you have any questions, please contact, our Stormwater Division at (321)-433-8770 or [stormwater@cocoafll.org](mailto:stormwater@cocoafll.org), Monday through Friday between 8:00 a.m. and 4:00 p.m.
