RE: Neptune Product Pricing

Mr. Collier,

I have attached the requested Neptune Products Price List for your review.

The listed pricing includes all of the Neptune metering products, accessories, electronic reading equipment, and system software utilized by the City of Cocoa.

The initial term of this pricing will be valid through August 16, 2021. However, three optional one-year extensions can be offered at the end of each term upon price review and possible price adjustment. Any additional extension terms must be agreed upon by mutual consent of both parties.

We appreciate the City of Cocoa's continued interest in the Neptune products we represent and look forward to meeting your water metering needs in the future. Please feel free to contact me if you have any questions or if I can be of any further service.

Respectfully submitted,

Jeff Kimbrough

Director of Sales
Sunstate Meter & Supply, Inc.
