

**MASTER AGREEMENT FOR
WATER METER AND METER READING
EQUIPMENT PURCHASES**

THIS AGREEMENT is made and entered into this 8th day of October 2020, by and between the **CITY OF COCOA, FLORIDA**, a Florida Municipal Corporation, hereinafter referred to as "City", located at 65 Stone Street, Cocoa, Florida 32922, and **SUNSTATE METER & SUPPLY, INC.**, a Florida corporation, whose address is 14001 W Newberry Road, Newberry, FL 32669, hereinafter referred to as "Seller".

WITNESSETH:

WHEREAS, the City desires to engage Seller as a sole-source supplier of utility meters and meter reading equipment with associated software; and

WHEREAS, the City frequently has a need to purchase utility meters and meter reading equipment for its regional water utility, the specifications of which are attached hereto and incorporated by reference herein as **Exhibit A** (generally referred to herein as the "Equipment"), and desires to enter into this Master Agreement ("Agreement") to govern purchases, which will be made on an as-needed basis according to the procedure established herein; and

WHEREAS, Seller has provided a Cost Schedule, attached hereto and incorporated by reference herein as **Exhibit B**, for the Equipment; and

WHEREAS, Seller has further furnished manufacturer's warranty details for the Equipment, which are attached hereto and incorporated by reference herein as **Exhibit C** (generally referred to herein as the "Warranty" or "Warranties"); and

WHEREAS, Seller is willing to provide such services to the City under the terms and conditions stated herein and particularly agrees to honor the Equipment pricing provided in the Cost Schedule for the applicable term of this Agreement;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties covenant and agree as follows:

1.0 TERM, TERMINATION, AND DEFINITIONS

1.1 Unless sooner terminated by the City, this Agreement shall terminate on August 16, 2021. The Parties shall have the option to extend the term of this Agreement by mutual agreement for up to three additional one-year renewals. Such an extension shall only be by written amendment to this Agreement. Seller agrees that, should the Seller and City agree to extend this Agreement, the contract price may be adjusted to allow for consumer price increases based on the United States Department of Labor, Bureau of Labor Statistics Consumer Price Index for all Urban Consumers (CPI-U) (U.S. City Average; All items, not seasonally adjusted, 1982-1984=100 reference base), not

MASTER AGREEMENT FOR WATER METER AND METER READING EQUIPMENT PURCHASES

to exceed three percent (3%). Said increase shall, if approved by the City, become effective beginning with any purchase order issued after the commencement of the new renewal term.

1.2 The terms and conditions of any Purchase Order, as described in Section 2.0 hereof, shall be as set forth in such Purchase Order. Any Purchase Order in effect at the termination of this Agreement shall remain in effect until completion of said Purchase Order, and all of the terms and conditions of this Agreement shall survive until completion of all Purchase Orders.

1.3 Definitions. The following words and phrases used in this Agreement shall have the following meaning ascribed to them unless the context clearly indicates otherwise:

a. "Agreement" or "Contract" shall be used interchangeably and shall refer to this Agreement, as amended from time to time, which shall constitute authorization for the Seller to sell the goods approved in the Purchase Order to the City and is also sometimes referred to herein to include all Purchase Orders approved hereunder.

b. "Effective Date" shall be the date on which the last signatory hereto shall execute this Agreement, and it shall be the date on which this Agreement shall go into effect. The Agreement shall not go into effect until said date.

c. "Seller" shall mean Sunstate Meter & Supply, Inc., a Florida corporation, and its principals, employees, resident project representatives (and assistants).

d. "Purchase Order" shall mean a written document approved by the parties pursuant to the procedure outlined in paragraph 2.0 of this Agreement, and any amendments thereto approved pursuant to the procedures outlined in the Purchase Order, which sets forth the goods or equipment to be sold by Seller under this Agreement, and shall include, without the necessity of a cross-reference, the terms and conditions of this Agreement.

1.4 Engagement. The City hereby engages the Seller and Seller agrees to sell the types of equipment outlined in this Agreement, specifically Exhibit A (the "Equipment"), upon the terms listed in this Agreement, including the Cost Schedule attached hereto as Exhibit B and with the warranties described in Exhibit C, and in accordance with any subsequent Purchase Order. No prior or present representations shall be binding upon any of the parties hereto unless incorporated in this Agreement.

1.5 This Agreement may be terminated by the City in whole or in part at any time upon thirty (30) days' written notice to the Seller for any reason. This Agreement may be terminated by the Seller only by mutual consent of the parties.

2.0 DESCRIPTION OF SERVICES; QUOTE PROCEDURE

MASTER AGREEMENT FOR WATER METER AND METER READING EQUIPMENT PURCHASES

2.1 The City may make request of Seller to sell Equipment on a "purchase order" basis. When the City desires to place a specific order for Equipment, the City may communicate with Seller, verbally or in writing, a general description of the Equipment needed. The Seller will generate a detailed bid or quote document, including the schedule for delivery and price, and send the thus developed "Quote" to the City. For every Quote requested, at a minimum, Seller shall include a price for the Equipment that is no greater than the price included in its Cost Schedule included as Exhibit B. The City will review the Quote, and if the description is mutually acceptable, the City will issue a Purchase Order or, for purchases less than \$1,500.00 or as otherwise provided in the City's Financial Operations Manual policy, may use a purchase card to make the purchase. The Purchase Order will contain terms which are deemed supplemental to this Agreement. Upon receipt of the signed Purchase Order or payment via purchase card, the Seller shall deliver the Equipment ordered therein.

2.2 The City shall have no obligation to purchase Equipment from Seller during the term of this Agreement. The need to purchase Equipment shall be determined in the City's sole discretion. Further, the City shall have no obligation to purchase any particular quantity of Equipment in any Purchase Order or for the duration of this Agreement. No guarantee is expressed or implied as to quantities or dollars that will be used during the contract period.

2.3 In exchange for applying the prices contained in the Cost Schedule, the City will consider Seller a preferred vendor and may often request Quotes from Seller for the categories of equipment listed in the Cost Schedule.

3.0 METHODS OF PAYMENT FOR SERVICES AND EXPENSES OF SELLER.

3.1 Florida Prompt Payment Act. Payment shall be due and payable as provided by the Florida Local Government Prompt Payment Act s.218.70 et. seq., Florida Statutes.

3.2 Payment not Waiver. The City's payment of any invoice under this Agreement shall not be construed or operate as a waiver of any rights under this Agreement or any cause of action arising out of the performance of this Agreement and Seller shall remain liable to the City in accordance with applicable law for all damages to the City caused by Seller's performance under this Agreement.

3.3 Acceptance of Payment. Acceptance of final payment by the Seller for a specific Purchase Order shall constitute a release of all claims for payment which the Seller may have against the City for that Purchase Order unless such claims are specifically reserved in writing and

transmitted to the City by the Seller prior to its acceptance. Said final payment shall not,

MASTER AGREEMENT FOR WATER METER AND METER READING EQUIPMENT PURCHASES

however, be a bar to any claims that the City may have against the Seller or to any remedies the City may pursue with respect to such claims.

4.0 COMPLIANCE WITH LAWS AND REGULATIONS

4.1 Seller shall comply with all requirements of federal, state, and local laws, rules, regulations, standards, and/or ordinances applicable to the performance of this Agreement.

5.0 ASSIGNMENT

5.1 Seller shall not assign or subcontract this Agreement, any Purchase Order hereunder, or any rights or any monies due or to become due hereunder without the prior, written consent of City.

5.2 If upon receiving written approval from City, any part of this Agreement is subcontracted by Seller, Seller shall be fully responsible to City for all acts and/or omissions performed by the subcontractor as if no subcontract had been made.

5.3 If City determines that any subcontractor is not performing in accordance with this Agreement, City shall so notify Seller who shall take immediate steps to remedy the situation.

6.0 INDEPENDENT CONTRACTOR

6.1 At all times during the term of this Agreement, Seller shall be considered an independent contractor and not an employee of the City.

7.0 NO JOINT VENTURE

7.1 Nothing herein shall be deemed to create a joint venture or principal-agent relationship between the parties, and neither party is authorized to, nor shall either party act toward third persons or the public in any manner which would indicate any such relationship with the other.

8.0 ATTORNEY'S FEES

8.1 Should any litigation arise concerning this Agreement between the parties, the parties agree to bear their own costs and attorney's fees.

9.0 COUNTERPARTS

MASTER AGREEMENT FOR WATER METER AND METER READING EQUIPMENT PURCHASES

9.1 This Agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be considered an original agreement; but such counterparts shall together constitute but one and the same instrument.

10.0 DRAFTING

10.1 City and Seller each represent that they have both shared equally in drafting this Agreement and no party shall be favored or disfavored regarding the interpretation of this Agreement in the event of a dispute between the parties.

11.0 NOTICE

11.1 Any notices required to be given by the terms of this Agreement shall be delivered by hand or mailed, postage prepaid to:

For Seller:

Sunstate Meter and Supply Inc
14001 West Newberry Road
Newberry, FL 32669

For City:

City of Cocoa
Attention: City Manager
65 Stone Street
Cocoa, Florida 32922
(321) 433-8686

11.2 Either party may change the notice address by providing the other party written notice of the change.

11.3 Any Notice given as provided herein shall be deemed received as follows: if delivered by personal service, on the date so delivered; if delivered to an overnight courier service, on the business day immediately following delivery to such service; and if mailed, on the third business day after mailing.

12.0 SOVEREIGN IMMUNITY

MASTER AGREEMENT FOR WATER METER AND METER READING EQUIPMENT PURCHASES

12.1 The City intends to avail itself of the benefits of Section 768.28, Florida Statutes and any other statutes and common law governing sovereign immunity to the fullest extent possible. Neither this provision nor any other provision of this Agreement shall be construed as a waiver of the City's right to sovereign immunity under Section 768.28, Florida Statutes, or other limitations imposed on the City's potential liability under state or federal law. Seller agrees that City shall not be liable under this Agreement for punitive damages or interest for the period before judgment. Further, City shall not be liable for any claim or judgment, or portion thereof, to any one person for over two hundred thousand dollars (\$200,000.00), or any claim or judgment, or portion thereof, which, when totaled with all other claims or judgments paid by the State or its agencies and subdivisions arising out of the same incident or occurrence, exceeds three hundred thousand dollars (\$300,000.00). Nothing in this Agreement is intended to inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the doctrine of sovereign immunity or by operation of law. This paragraph shall survive termination of this Agreement.

13.0 CORPORATE REPRESENTATIONS BY SELLER

13.1 Seller hereby represents and warrants to the City that the undersigned representative of Seller has the power, authority, and legal right to execute and deliver this Agreement on behalf of Seller.

14.0 INDEMNIFICATION AND LIMITATION OF LIABILITY

14.1 For other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Seller expresses its willingness to enter into this Agreement with the knowledge that the Seller's recovery from the City to any action or claim arising from the Agreement is limited to a maximum amount of the sum of any Agreement amount that is owed by the City for services actually performed by the Seller to the City's complete satisfaction, and in no case shall exceed the amount provided in article 12.1 herein. Nothing contained in this paragraph or elsewhere in this Agreement is in any way intended either to be a waiver of the limitation placed upon the City's liability as set forth in Section 768.28 Florida Statutes, or to extend the City's liability beyond the limits established in said Section 768.28 Florida Statutes; and no claim or award against the City shall include attorney's fees, investigative costs, expert fees, suit costs or pre-judgment interest.

14.2 Seller shall fully indemnify, defend and hold City harmless from and against any and all losses, damages, costs and expenses, and attorney's fees, that City incurs because of any and all claims that use of Equipment infringes upon (i) any United States copyright or (ii) any trade

MASTER AGREEMENT FOR WATER METER AND METER READING EQUIPMENT PURCHASES

secret or other proprietary right of any Person (collectively, “**IP Rights**”). Seller shall have no obligation under this Section 14.2 unless City promptly gives notice to Seller within ten (10) days after the date City first receives notice of the applicable infringement claim (provided that later notice shall relieve Seller of its liability and obligations under this Section 14.2 only to the extent that Seller is prejudiced by such later notice) and allows Seller to have sole and reasonable control of the defense or settlement of the claim. City may monitor any such litigation or proceeding at its expense, using counsel of its choosing. If any Equipment is, or in Seller’s opinion becomes or is likely to become the subject of a United States IP Rights infringement claim, then Seller, at its sole option and expense, shall provide the City, in addition to the aforementioned indemnity and hold harmless, with a full and complete remedy that will either:

(a) modify or replace all or the allegedly infringing part of the Equipment so that it is no longer allegedly infringing, provided that the functionality does not change in any material adverse respect; or

(b) procure for City the right to continue using the allegedly infringing part of the Equipment; or

(c) remove all or the allegedly infringing part of the Equipment, and (i) if City has paid a one-time upfront initial fee for the applicable Equipment, refund to City the corresponding portion of the fee paid by City to Seller for the applicable part of the Equipment, or (ii) if City is paying for the use of the Equipment on a recurring basis, refund to City the corresponding portion of the unused recurring fee(s) paid by City to Seller with respect to the applicable part of the Equipment, and in each such case this Agreement shall terminate with respect to the Equipment or part thereof removed.

14.3 General Indemnity. To the extent permitted by law, and to the extent provided for under this Agreement, for claims related to bodily injury, death, and damage to real property and tangible personal property, as well as fines, assessments and penalties imposed by any authority, Seller shall indemnify and hold harmless the City from and against all direct damages and costs of any kind, including but not limited to reasonable attorney’s fees, arising out of or resulting from any negligent acts, or negligent omissions of Seller, regardless of whether such claims are caused in part by any party indemnified hereunder, but not to the extent that the City is legally liable for such damages and costs. For purposes of this indemnification only, this includes claims made by the employees of Seller against the City, and Seller hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. This waiver has been specifically and mutually negotiated by the parties.

MASTER AGREEMENT FOR WATER METER AND METER READING EQUIPMENT PURCHASES

The indemnification provided above shall obligate Seller to defend at its own expense or to provide for such defense, at the option of the City, as the case may be, of any and all claims of liability and all suits and actions of every name and description that may be brought against the City or its mayor, councilmembers, officers, employees, attorneys, agents and representatives which may arise or result from this Agreement. In all events the City shall be permitted to choose legal counsel of its sole choice, the fees for which shall be reasonable and subject to and included with this indemnification provided herein.

15.0 ADDITIONAL ASSURANCES

15.1 The Seller for itself and its SubSellers, if any, certifies that:

a. No principal (which includes officers, directors, or executive) or individual performing under this Agreement, employee, or agent has employed or otherwise provided compensation to, any employee or officer of the City; and;

b. No principal (which includes officers, directors, or executive) or individual holding a performing under this Agreement, employee, or agent has willfully offered an employee or officer of the City any pecuniary or other benefit with the intent to influence the employee or officer's official action or judgment.

c. The undersigned is authorized to execute this Agreement on behalf of the Seller and said signature shall bind the Seller to this Agreement. No further action is required by the Seller to enter into this Agreement other than Seller's undersigned representative execution of the Agreement.

16.0 WARRANTIES

16.1 Seller hereby assigns to the City, effective as of the delivery date of each and every respective piece of Equipment, including third-party software, any and all existing assignable warranties, service policies, indemnities, and patent indemnities or other rights, remedies or claims against the manufacturer of the Equipment, specifically including, but not limited to, the warranties, systems compatibility representations, and performance standards contained in the Equipment specifications of Exhibit A and the warranty sheets attached hereto as Exhibit C. The Seller will, upon request by the City and at Seller's sole expense, cooperate with the City in the enforcement of any benefit provided in any such warranties, service policies, indemnities, and patent indemnities. To the extent that such rights are not assignable, the City is hereby subrogated to all such rights of Seller.

MASTER AGREEMENT FOR WATER METER AND METER READING EQUIPMENT PURCHASES

16.2 Seller warrants to the City that Seller has the right to grant the City the right to use all third-party software and that Seller is an authorized distributor of the Equipment.

17.0 THIRD-PARTY SOFTWARE

17.1 All third-party software shall conform to published specifications and written representations of the manufacturer. Seller hereby agrees that Seller shall ensure all new releases and fixes for third-party software shall be promptly provided to the City at no additional charge

18.0 METER READING SYSTEM SOFTWARE

18.1 All meter reading system software shall conform to published specifications and written representations of the manufacturer. Seller hereby agrees that Seller shall ensure that all hosted software updates and patches for meter reading software will be provided to the City at no additional charge during the term of each subscription agreement and that Seller shall provide customer support as described in the subscription agreement. In addition, the Seller shall endeavor to notify the City in advance of all suspensions in the meter reading system software service and to carry out necessary maintenance and upgrades outside of normal business hours. Interruptions to existing service can range in priority from urgent to low depending on the impact to the City. Incident priorities are defined as the following:

Priority Level	Impact	Description
1	Urgent	An Incident that (a) results in loss of City connectivity to all of the meter reading system software or (b) results in loss, corruption or damage to City's data.
2	Critical	An Incident that has an adverse material impact on the performance of the meter reading system software or materially restricts City's use of the software as part of City's day-to-day operations.
3	Non-Critical	An Incident that does not result in a failure of the meter reading system software, but a fault exists in the meter reading system software that restricts City's use of the same.
4	Minor	An Incident that does not affect or which has minimal adverse impact on the use of the meter reading system software.

Seller will make commercially reasonable efforts to respond to meter reading system software incidents using the following guidelines:

**MASTER AGREEMENT FOR
WATER METER AND METER READING
EQUIPMENT PURCHASES**

Priority Level	Performance Target	Minimum Performance % Goal
Priority (Urgent)	1 Seller will respond within 1 hour of the issue being reported.	95%
Priority (Critical)	2 Seller will respond within 2 hours of the issue being reported.	95%
Priority 3 (Non-Critical)	Seller will respond within 4 hours of the issue being reported.	95%
Priority 4 (Minor)	Seller will respond within 24 hours of the issue being reported.	95%

The City may escalate any incidents to Utilities Department Director or Seller's Superintendent.

Further, if the City experiences service suspensions, interruptions or outages, excluding scheduled maintenance, that results in the service level uptime falling below 99% for three months in any rolling 12-month period (the "***Uptime Commitment***"), then the City may immediately terminate this Agreement, part thereof, or a subscription agreement, in which case Seller will refund any prepaid, unearned annual subscription fees.

18.2 Meter reading system software will be provided to the City per an annual subscription agreement. Manufacturer will provide correct file transfer layout to City and/or City's Utility Billing Software provider at no charge to provide correct meter reading system software data transfer to City's utility billing software. Meter Reading System Software will provide full functionality and reporting for all the manufacturer's AMR and AMI systems.

19.0 INSURANCE

19.1 During the term of this Agreement, Seller shall be responsible for providing and maintaining the types of insurance and limits per claim as set forth below:

(a) Seller shall maintain comprehensive general liability insurance in the minimum amount of \$1,000,000 as the combined single limit for each occurrence to protect the Customer from claims of property damages and personal injury which may arise from any services performed under this Agreement whether such services are performed by Seller or by anyone directly employed by or contracting with Seller.

**MASTER AGREEMENT FOR
WATER METER AND METER READING
EQUIPMENT PURCHASES**

(b) Seller shall maintain adequate Workers' Compensation Insurance and Employers' Liability Insurance in at least such amounts as are required by law for all of its employees performing services for the City pursuant to this Agreement.

(c) Seller shall maintain comprehensive automobile liability insurance in the minimum amount of \$1,000,000 combined single limit bodily injury and minimum \$1,000,000 property damage as the combined single limit for each occurrence to protect the Seller from claims for damages for bodily injury, including wrongful death, as well as from claims from property damage, which may arise from the ownership, use, or maintenance of owned and non-owned automobiles, including rented automobiles whether such operations be by the Seller or by anyone directly or indirectly employed by the Seller.

19.2 During the term of this Agreement, current certificates of insurance shall be provided and kept on file with the City. A copy of a current Certificate of Insurance shall be provided to the City by Seller upon the Effective Date of this Agreement which satisfied the insurance requirements of this Paragraph 19.1. Renewal certificates shall be sent to the City 30 days prior to any expiration date. There shall also be a 30-day advance written notification to the City in the event of cancellation or modification of any stipulated insurance coverage. **The City shall be an additional named insured on all stipulated insurance policies as its interest may appear, from time to time, excluding worker's compensation liability policies**

A PRODUCT SHEET OF NEPTUNE TECHNOLOGY GROUP

High Performance Turbine Meter

Neptune® High Performance (HP) Turbine water meters offer some of the widest flow ranges of any turbine meters on the market.

All HP Turbine water meters meet or exceed the latest performance and accuracy requirements of AWWA C701 and maximum continuous flow rates may be exceeded by as much as 25% for intermittent periods.

Construction

Each HP Turbine consists of a rugged, lead free, high-copper alloy maincase, an AWWA Class II turbine measuring element, and a roll-sealed register. The maincase is corrosion-resistant, lightweight, and compact. Inlet and outlet connections are flanged. Strainers are available to prevent debris from entering the meter and to reduce the effects of uneven water flow due to upstream piping variations.

The unitized measuring element (UME) allows for quick, easy, in-line interchangeability. Water volume is measured accurately at all flows by a specially-designed assembly. The hydrodynamically-balanced, thrust-compensated rotor relieves pressure on the thrust bearings to minimize wear and provide sustained accuracy over an extended operating life. Direct coupling of the rotor to the gear train eliminates revenue loss due to slippage during fast starts and line surges. A calibration vane allows in-field calibration of the UME to lengthen service life and to ensure accurate registration.

The roll-sealed register eliminates leaking and fogging. A magnetic drive couples the register with the measuring element.

Application

The HP Turbine water meter is designed for applications where flow rates are consistently moderate to high.

Systems Compatibility

Adaptability to all present and future systems for flexibility.

Warranty

Neptune provides a limited warranty with respect to its HP Turbine water meters for performance, materials, and workmanship.

When desired, owner maintenance is easily accomplished by in-line replacement of major components.

KEY FEATURES

Roll-Sealed Register

- Magnetic-driven, low-torque registration ensures accuracy
- Impact-resistant register design with flat glass for readability
- 1:1 ratio, low-flow indicator identifies leaks
- Bayonet mount allows in-line serviceability
- Tamperproof seal pin deters theft
- Date of manufacture, size, and model stamped on dial face

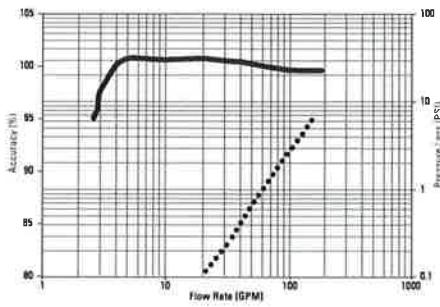

Lead Free Maincase

- Made from lead free, high-copper alloy
- NSF/ANSI 61 and 372 certified
- Compact design is lightweight and easy to handle
- Sturdy, durable, corrosion-resistant
- Resists internal pressure stresses and external damage
- Residual value

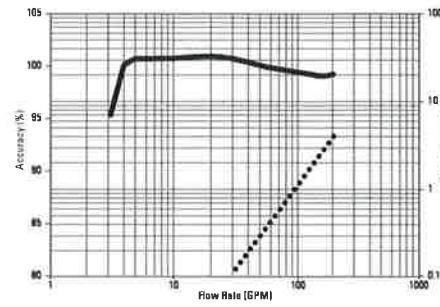

Turbine Measuring Element

- Excellent low-flow sensitivity and wide flow ranges available at 98.5% - 101.5% accuracy
- Direct coupling of rotor to gear train prevents slippage and ensures accurate registration
- Interchangeable measuring element allows for in-line service
- Hydrodynamically-balanced rotor
- Reusable O-ring gasket on 3" - 10" sizes

Specifications

- Application:
 - Cold water measurement of flow in one direction
- Maximum operating pressure:
 - 175 psi (1206 kPa)
- Maximum operating temperature:
 - 80°F
- Register:
 - Direct reading, center-sweep, roll-sealed, magnetic drive with low-flow indicator
- Measuring element:
 - AWWA Class II Turbine, hydrodynamically-balanced rotor

Guaranteed Systems Compatibility

All HP Turbine water meters are guaranteed adaptable to our ARB® V, ProRead™ (ARB VI), ProCoder™, E-CODER®, E-CODER®)R900i™, E-CODER®)R450i™, E-CODER®)L900i™, TRICON®/S, TRICON/E®3, and Neptune meter reading systems without removing the meter from service.

Options

- Sizes:
 - 1½", 2", 3", 4", 6", 8", 10"
 - Units of measure:
 - U.S. gallons, imperial gallons, cubic feet, cubic metres
 - Register Types:
 - Remote reading systems*:
 - ARB V, ProRead, ProCoder, E-CODER, E-CODER)R900i, E-CODER)R450i, E-CODER)L900i, TRICON/S, TRICON/E3
 - Reclaim
 - Companion flanges:
 - 1½" and 2" (oval): bronze
 - 3", 4", 6": bronze or cast iron
 - 8" and 10": cast iron
 - Strainer:
 - 1½"- 6" NSF/ANSI 61 lead free high copper alloy
 - 1½"-10" NSF/ANSI 61 lead free Rilsan® nylon-coated ductile iron
- * Consult factory for meter performance specifications when fitted with ARB.

MACH 10[®] ULTRASONIC METER

Sizes: 1½" and 2"

The MACH 10[®] is Neptune's newest water meter that offers solid state metrology with a rugged, lead free bronze maincase. The MACH 10 was designed to have the look and feel of a traditional water meter to help eliminate new technology concerns of your customers. Engineered to fit into even the smallest residential meter boxes, the MACH 10 fits the bill for all meter applications.

MAXIMIZE REVENUE

The extended low-flow accuracy of the MACH 10 allows you to catch virtually every drop used by your customers. Maintaining this level of meter performance over the life of the meter will maximize your utility's revenue stream from your metering program. The MACH 10 features no moving parts. Because there are no internal parts that can wear over time, there is no opportunity for accuracy loss over the life of the meter (flat accuracy curve).

No wear = No accuracy loss = Maximum revenue dollars

NO MAINTENANCE REQUIRED

Imagine having a residential meter with no moving parts and a 20-year battery life. Is that really possible? The answer is Yes, the MACH 10.

No moving parts = No wear + 20 year battery = Maintenance-free for life

SOLID STATE METROLOGY WITH SOLID BRONZE MAINCASE

With the MACH 10, there is no concern over breaking plastic meter spuds or cross-threading of plastic threads. Neptune believes that if a meter is capable of providing sustained accuracy over its life, the maincase should be designed to last the meter's lifetime as well. This is why we designed the MACH 10 solid state meter with a solid bronze maincase. The corrosion-resistant, lead-free, high-copper alloy maincase is built to withstand demanding service conditions; internal water pressure, rough handling during installation, and in-line piping stresses.

Field-proven NSF 61/ANSI bronze maincase = Confidence = No stranded assets

OPERATIONAL EFFICIENCY

The MACH 10[®]|R900[™] combines all the best features of the MACH 10 with seamless integration of the R900[®] radio to provide the best in operational efficiency. The MACH 10|R900i makes installation easier, faster, and less costly by eliminating field programming and removing external wires. It also gives you the ability to remove migration barriers without installing new endpoints as you move from walk-by to mobile to fixed network at your own pace. Reduce your non-revenue water with timely, accurate data and detect leaks faster to avoid surprises for you and your customer by deploying the MACH 10|R900i in your system.

KEY BENEFITS

- Extended low-flow range and accuracy
- No maintenance and accuracy sustained over meter life
- Regulatory compliance – peace of mind
- Health and asset protection with the highest lead free legislation compliance
- Supports Water Conservation
 - Provides leak history/diagnostics
 - Enables proactive leak notification
 - On-site customer event troubleshooting tools
- Increased operational efficiencies
 - Work order reduction for high water bill inquiries
 - Drought management
 - Reduction of water loss through proactive notification of water leaks
- Tamper management
 - Identification and prioritization of potential tamper situations

KEY FEATURES

- Advanced ultrasonic technology
- No moving parts
- NSF/ANSI 61 approved meter – lead free bronze maincase
- 20-year battery life
- "Absolute" 9-digit meter reading on display
- 8-digit remote meter reading
- Long-life lithium thionyl-chloride batteries
- Single design for pit and inside set applications
- IP68-certified for moisture protection
- True point-of-use leak detection^{*}
- Tamper detection^{*}
- Reverse flow detection^{*}
- LCD leak indicators
- Directional flow indicator
- Rate of flow on LCD display
- Data logging^{**}
- Optional integrated R900 or R450[™] radio

^{*} When connected to Neptune R900[®] R450[™] or CMU[®].

^{**} When connected to R900V4 or newer version.

Neptune® 360™ Data Management Platform

A Product of Neptune Technology Group

Turn Information into Action

Data is just data unless you can use it effectively.

To go beyond basic meter reading and billing, your utility needs tools that provide a deeper understanding of the data you collect to turn it into meaningful information for a Smart Water Network. The Neptune® 360™ data management platform was designed to provide as much data as your utility needs, while helping you make sense of it all — empowering faster, more informed decisions. Analyze data quickly and easily with software tailored for the needs of water utilities.

Putting Your Data in View

Having the data is one thing, seeing the data and making sense of it is another. Neptune 360 delivers an intuitive, user-friendly design, making the data clear and easy to interpret. Examining your entire AMI network using system-wide Key Performance Indicators and geographical views assists with identifying areas of concern and finding ways to maximize operational efficiencies.

Quickly access a dashboard view of your largest water consumers, providing you with information needed to take action. Analysis of individual trends and usage patterns helps resolve customer service calls with confidence. Detailed reporting of consumption activity, potential leaks, and reverse flow will keep you ahead of issues that could impact your utility's revenue.

Lift Your IT Burden with a Cloud-Based Solution

Boost utility efficiency with Neptune 360 delivered as a service. No longer install servers or perform upgrades. All that is needed is an Internet browser. Just log on to access anywhere at any time.

A True Sense of Security

Ease your security concerns and stay focused on the business of water. Continuously-monitored Neptune 360 operates from a world-class data center, providing the highest level of security, redundancy, and disaster recovery services.

Share Information Across the Smart Water Network

Your management, maintenance, customer service, water quality, and other departments all need fast, easy access to information. Share and leverage actionable data captured by Neptune 360, empowering

collaboration and helping predict impacts on your utility. The platform seamlessly integrates meter data, event data, and alerts directly with third party work order systems, customer portals, hydraulic modeling applications, and other systems through Application Programming Interfaces (APIs).

An Application that Grows as You Grow

From mobile meter reading today, to moving to an AMI network tomorrow, the same software platform is utilized. Apply trend analysis in rate structure planning and usage initiatives. The modular-based platform makes it easy to turn on new features as your needs evolve, bringing you critical data to proactively plan for tomorrow.

Trust the Data

Data accuracy and dependability matter. By implementing the highest-level architecture, Neptune ensures data integrity with processes and tools to maintain quality from the meter to the platform as part of routine business operation.

NEPTUNE[®] 360°

Analyze and share meaningful data with a platform that empowers utilities. Actionable insights help you achieve your goals and objectives.

METERS MATTER

Stream critical actionable data right into Neptune[®] 360™.

WALK-BY DATA

Sync collected data easily.

MOBILE

Incorporate mobile data collection

FUTURE PROOF AMI

Connect AMI network data.

BRING YOUR OWN DEVICE

Eliminate specialized devices and communicate efficiently.

THIRD PARTY SOFTWARE

Link data with third party applications (such as CIS and ESRI).

CUSTOMER RELATIONSHIPS

Streamline utility data management and provide exceptional customer service.

- + ACT QUICKLY
- + PLAN FOR THE FUTURE
- + MANAGE GROWTH

Neptune® 360™ Benefits

- Neptune-managed system with no installation required
- Cloud-based solution in a world-class data center with the highest level of security and disaster recovery/redundancy
- 24/7 software system monitoring
- Retain data ownership in a system designed exclusively for water utilities
- Integrate and access Data Analytics across departments — helping your utility achieve goals and objectives
- Identify potential leaks, excessive consumption, and reverse flow to proactively resolve issues faster
- Migrate easily from mobile to fixed network
- Aid Non-Revenue Water reduction, conservation, and rate planning
- A single platform across devices that can be accessed anywhere at any time

Specifications

Neptune 360

- Google Chrome and Microsoft Edge web browsers supported
- When using touch screen monitors, Neptune recommends Microsoft Edge web browser for optimal viewing and performance

Neptune 360 Mobile

- Neptune 360 Mobile supports Android, iPhone, and iPad devices running the following operating systems:
 - Android: 5.1.X Lollipop, 6.0.X Marshmallow, 7.0.X Nougat, 7.1.X Nougat, 8.1.X Oreo
 - iOS: 10.3.1 and higher, 11

Bring Your Own Device to Field Operations

Save money and time with Neptune 360 Mobile — use your utility's existing Android or iOS cell phones or tablet devices to perform meter reading. Pair with an R900® Belt Clip Transceiver or MRX920™ Mobile Data Collector and expand your field device options when performing re-reads, reading monthly routes or even responding to high water bill complaints.

96

days of hourly historical consumption

Neptune 360 Mobile provides direct communication via wireless from the field without the need to bring your mobile device back into the office, yielding data on demand for more efficient customer service. Other application capabilities include RF Test, Off-Cycle Read, and Data Log to capture 96 days of hourly historical consumption — addressing customer issues faster.

A PRODUCT SHEET OF NEPTUNE TECHNOLOGY GROUP

R900® Gateway v4 Fixed Network Data Collector

Streamline Measurement and Boost Efficiency

Maximize the efficiency of your workforce – not only by automating meter reading but also by freeing up time for other tasks. Like the other components of Neptune's R900® System, the R900® Gateway fixed network data collector is designed for quick installation, ease of use, and flexibility. The R900 Gateway collects metering data as well as daily leak, reverse flow, and days of no flow alerts from all E-CODER®-equipped meters. The R900 Gateway's software-defined radio technology can process eight (8) meter readings simultaneously and gather 360 readings per second – optimizing your fixed network with high throughput reading performance; especially in high-density R900® deployments. The data you collect is accurate, timely, and simple to share with other departments – so you can turn it into meaningful information that will help identify hidden causes of loss and optimize efficiency.

Migrate Backward and Forward With Total Confidence

Get the most value from your current assets, both infrastructure and workforce, through Neptune® systems that allow you to migrate at your own pace from mobile automatic meter reading (AMR) to advanced metering infrastructure (AMI). Providing fixed network functionality, the R900 Gateway is easily integrated into the system with mobile methods of reading your existing R900 endpoints, so that you can choose the technology you need, where you need it – without a need for special programming or reprogramming of MIUs. The R900 Gateway supports the R900 System's 1 Watt fixed network message from endpoints, reducing infrastructure costs.

Resolve Customer Issues Proactively with Detailed Data

The R900 Gateway gives your utility simplified access to information that will help you identify and resolve water-related issues quickly and easily. You'll be able to track detailed hourly water consumption for individual accounts and receive alerts that will help you proactively improve service to your customers. Save them – and your utility – time and money, and inform customers of excessive water usage to head off high bill complaints, reduce delinquent payments, and eliminate write-offs.

KEY BENEFITS

Facilitates Migration to AMI

- Supports the 1 Watt fixed network message from R900 endpoints, reducing infrastructure costs
- Migrate at your own pace – your system can be read by any combination of mobile and fixed that you choose
- No reprogramming of endpoints required to migrate to fixed network reading

Simple Access to Powerful Data

- On-demand read capability – obtain a reading whenever you need it
- Daily leak, reverse flow, and days of no flow alerts from E-CODER-equipped meters

Improves Meter Reading Efficiency

- Software-defined radio (SDR) technology capable of processing eight (8) readings simultaneously
- Optimal performance in high-density R900 environments – capable of 360 readings per second

No Stranded Assets

- Maintains compatibility with existing R900s deployed
- Utilizing the power of our software-defined radio technology, all existing R900 Gateway v3 units can be easily updated to obtain R900 Gateway v4 functionality

Specifications

Receiver

- 910-920 MHz
- 50 channels
- Processes 8 readings simultaneously
- Processes 360 readings per second
- Capable of handling up to 25,000 R900s

Installation Options

- Rooftop
- Pole (2" – 16" diameter)
- Wall
- Water towers
- Street lights

Power Supplies

- 100-140 VAC
- 150W Solar
- 220W Solar

Battery Backup

- AC version – UPS provides 8 hours battery backup
- Solar version – 3-day backup battery

Backhaul Options

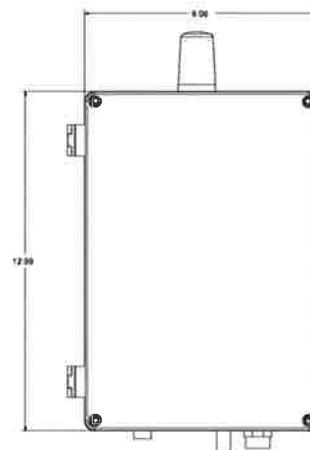

- Multi-carrier cellular modem
- EVDO Rev A (CDMA)
- 1xEVDO Rev 0 (CDMA)
- 1xRTT (CDMA)
- UMTS/HSPA (GSM)
- EDGE/GPRS (GSM)

Ethernet

- Private LAN compatibility via Ethernet connection

Environmental

- NEMA 4X enclosure
- Operating temperature:
-22°F to +140°F (-30°C to +60°C)
- Storage temperature:
-40°F to +158°F (-40°C to +85°C)
- 0-95% non-condensing humidity

A PRODUCT SHEET OF NEPTUNE TECHNOLOGY GROUP

T-10 Meter

SIZES $\frac{5}{8}$ ", $\frac{3}{4}$ ", AND 1"

Every T-10[®] water meter meets or exceeds the latest AWWA C700 Standard. Its nutating disc, positive displacement principle has been time-proven for accuracy and dependability since 1892, ensuring maximum utility revenue.

Construction

The T-10 water meter consists of three major assemblies: a register, a lead free, high-copper alloy maincase, and a nutating disc measuring chamber.

The T-10 meter is available with a variety of register types. For reading convenience, the register can be mounted in one of four positions on the meter.

The corrosion-resistant, lead-free, high-copper alloy maincase will withstand most service conditions; internal water pressure, rough handling, and in-line piping stress.

The innovative floating chamber design of the nutating disc measuring element is unaffected by meter position of in-line piping stresses while the unique chamber seal extends the low-flow accuracy by sealing the chamber outlet port to the maincase outlet port. The nutating disc measuring element utilizes corrosion-resistant materials throughout and a thrust roller to minimize wear.

Warranty

Neptune[®] provides a limited warranty with respect to its T-10 water meters for performance, materials, and workmanship.

When desired, maintenance is easily accomplished either by replacement of major assemblies or individual components.

Guaranteed Systems Compatibility

All T-10 water meters are guaranteed adaptable to our ARB[®]V, ProRead[™] (ARB VI) AutoDetect, ProCoder[™], E-CODER[®] (ARB VII), E-CODER[®])R900i[™], E-CODER[®])R450i[™], E-CODER[®])L900i[™], TRICON[®]/S, TRICON/E[®]3, and Neptune meter reading systems without removing the meter from service.

Systems Compatibility

Adaptability to all present and future systems for flexibility is available only with Neptune's ARB[®] Utility Management Systems[™].

KEY FEATURES

REGISTER

Magnetic-driven, low-torque registration ensures accuracy

Impact-resistant register

High-resolution, low-flow leak detection

Bayonet-style register mount allows in-line serviceability

Tamperproof seal pin deters theft

Date of manufacture, size, and model stamped on dial face

LEAD FREE MAINCASE

Made from lead free, high-copper alloy
NSF/ANSI 372, NSF/ANSI 61

Lifetime guarantee

Resists internal pressure stresses and external damage

Handles in-line piping variations and stresses

Lead free, high-copper alloy provides residual value vs. plastic or composite

Electrical grounding continuity

NUTATING DISC

MEASURING CHAMBER

Positive displacement

Wide effective flow range for maximum revenue

Proprietary polymer materials maximize long-term accuracy

Floating chamber design is unaffected by meter position or in-line piping stresses

Specifications

- NSF/ANSI 372, NSF/ANSI 61
- National Type Evaluation Program (NTEP) certification

Application

- Cold water measurement of flow in one direction in residential service applications

Maximum Operating Water Pressure

- 150 psi (1034 kPa)

Maximum Operating Water Temperature

- 80°F

Measuring Chamber

- Nutating disc technology design made from proprietary synthetic polymer

Reap AMI Benefits with an Existing 4G LTE Network

Neptune® Cellular Meter Interface Unit (CMIU™)

The Neptune® Cellular MIU (CMIU™) securely transmits meter reading data using a 4G LTE cellular network, so your water utility can eliminate the costs and frustrations associated with the installation, maintenance, and troubleshooting of AMI infrastructure.

Instead, you can leverage an existing 4G LTE network to provide easy connectivity.

- Network-as-a-Service (NaaS)
- 4G LTE cellular technology using AT&T or Verizon
- Eliminate maintenance, costs associated with AMI deployment
- Operating modes:
 - Basic** – hourly data delivered every 24 hours
 - Advanced** – hourly data delivered every 4 hours
 - Pro** – 15-minute data delivered every hour

Dimensions

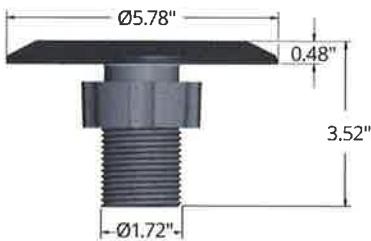

Wall MIU

High Performance PROTECTUS® III Stainless Steel (S) Fire Service Meter

SIZES: 4", 6", 8", and 10"

The Neptune® HP PROTECTUS® III Stainless Steel (S) fire service meter measures extremely wide flow ranges at $100\% \pm 1.5\%$ accuracy. All HP fire service meters meet or exceed AWWA C703 Standard, are certified to NSF/ANSI 61 and 372 requirements, and are Underwriters Laboratory (UL) Listed and Factory Manual (FM) Approved for fire service use.

Application

The HP PROTECTUS III S fire service meter is designed to measure both domestic and fire service water usage through a single water line. A typical application would be in a warehouse, hotel, or hospital where one water line may supply any number of faucets or bathrooms as well as an automatic sprinkler system.

Operation

At low flow rates, all flow is through the bypass meter. As flow increases, pressure loss through the bypass meter increases and the detector check valve automatically opens. This condition occurs, for example, when a fire sprinkler system goes into operation. This permits flow through the mainline turbine meter. As flow decreases, reduced pressure loss closes the detector check valve and flow is again directed through the bypass meter.

Construction

The combined readings of the mainline turbine and the bypass meter indicate total consumption through the HP PROTECTUS III S meter.

- 300 series stainless steel mainline body
- Integral detector check valve (stainless steel spring-loaded type)
- 300 series stainless steel strainer body with stainless steel basket
- Epoxy-coated steel strainer and valve cover
- HP Turbine measuring element
- Lockable ball valves used on bypass
- Check valve used on bypass
- 1" T-10® meter (on 4" size)
- 1½" T-10 or 1½" HP Turbine meter (on 6" size)
- 2" T-10 or 2" HP Turbine meter (on 8" and 10" sizes)

KEY FEATURES

Compact Size

- Standard laying length fits existing installations
- Lowers new installation and replacement costs

Wide Operating Range

- Measures extremely wide flow ranges at 98.5%–101.5% accuracy
- Combines low-flow sensitivity of disc meter with high-flow capacity of turbine meter

- Registers leaks or unauthorized use of water from fire service lines

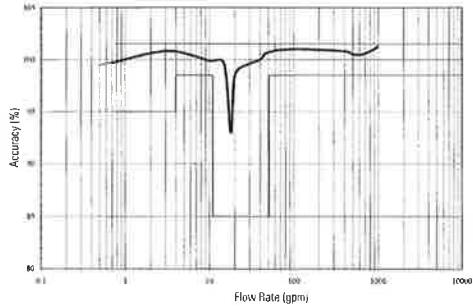

Component Repair and Maintenance

- Owner maintenance easily accomplished by replacement of major components
- Calibration vane allows in-field calibration of unitized measuring element (UME)

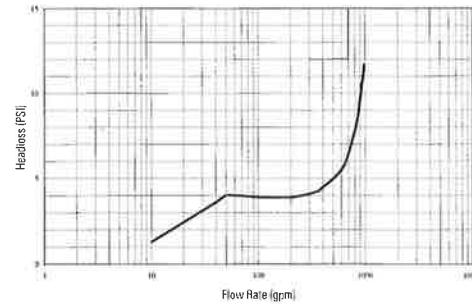

Roll-Sealed Registers

- Eliminates leaking and fogging
- In-line serviceability
- Magnetic driven, low-torque registration
- Tamperproof seal design

Be Confident with Sustained Accuracy Over Time

Neptune® MACH 10® Ultrasonic Meter

The MACH 10® ultrasonic water meter features solid state metrology with no degradation of accuracy over time. Combined with a corrosion-resistant, lead-free, high-copper alloy maincase, the MACH 10 is built to withstand demanding service conditions and deliver sustained accuracy over the life of the meter.

- Sizes ½", ¾", and 1"
- Extended low-flow range and accuracy
- No maintenance
- Accuracy sustained over meter life
- Advanced ultrasonic technology
- MACH 10®R900i™ features interleaved messages to support AMR, AMI, and the open-standards LoRaWAN™ AMI network simultaneously
- Supports Neptune Network-as-a-Service (NaaS) managed AMI service

Capture Ultra-Low Flows and Monitor Flow Direction

Neptune® ProCoder™)R900i™

The Neptune® ProCoder™)R900i™ combination absolute encoder register/radio frequency meter interface unit (RF MIU) makes it simple to collect metering data using multiple modes simultaneously and features a high-resolution, mechanical sweep hand to detect ultra-low flows as well as monitor direction of flow. Its interleaved mobile and high-power fixed network messages allow for simple migration from walk-by to mobile to fixed network reading – and back again – without site visits or reprogramming. Your utility can also review an account's consumption by the hour with 96 days of profile information, along with alerts for leak or backflow. Proactively identify and resolve customer issues – heading off high bill complaints, reducing delinquent payments, and eliminating write-offs.

- Easy to install/no programming required
- Interleaved mobile and high-power fixed network messages
- Read in walk-by, mobile, fixed modes simultaneously
- 96 days of hourly account history
- Leak, tamper, reverse flow detection

Specifications

Electrical Specifications

- MIU Power: Lithium battery with capacitor

Transmitter Specifications:

- Two-way MIU
- Transmit Period (interleaved mobile and fixed network messages):
 - Standard mobile message every 14 seconds at 100 mW
 - Standard fixed network message every 7½ minutes at 1 Watt
- FCC Verification: Part 15.247
- Transmitter Channels: 50 frequency-hopping, spread-spectrum
- Channel Frequency: 910 to 920 MHz
- Encoder Register Reading Interval:
 - Every 15 minutes
- Data Logging Interval:
 - 96 days of hourly data

Environmental Conditions

- Operating Temperature: -22°F to +149°F (-30°C to +65°C)
- Storage Temperature: -40°F to +158°F (-40°C to +70°C)
- Operating Humidity:
 - Inside Set: 0 to 95%, condensing
 - Pit Set: 100% submersible

Materials

- Register Housing:
 - Inside Set: plastic polycarbonate
 - Pit Set: roll-sealed copper shell
- Lens:
 - Inside Set: plastic
 - Pit Set: glass

Antennas

- Standard internal antenna
- Optional through-the-lid antenna
- 18" coax
- 6' coax
- 20' coax

A PRODUCT SHEET OF NEPTUNE TECHNOLOGY GROUP

Strainers

SIZES: 1½", 2", 3", 4", 6", 8", and 10"

Neptune® strainers are designed and built for long-term, trouble-free performance in water pipeline service. They are specially designed for installation with HP Turbine or TRU/FLO® compound meters and are compatible with all other makes as well.

Neptune recommends that a strainer be installed with each HP Turbine or TRU/FLO Compound meter to prevent meter damage and to ensure accurate registration regardless of the configuration of the meter installation.

Performance

When installed at the inlet of a turbine or compound meter, the strainer performs two very important functions:

- It provides protection against damage to the turbine meter measuring element from debris or foreign material in the pipeline.
- The stainless steel, plate-type strainer element is designed to improve the velocity profile of the flow stream entering the meter. This velocity profile improvement optimizes turbine meter performance. Good metering practice normally requires 8 to 10 diameters of straight pipe at the meter inlet to minimize velocity profile distortion caused by upstream valves or other fittings. The Neptune strainer reduces this long straight-run requirement and simplifies meter installation.

Construction

Neptune strainers are built of the highest-quality, time-proven materials available for water pipeline service. Strainer bodies and covers in 1½" through 10" sizes are made of lead free, high-copper alloy or Rilsan® nylon-coated ductile iron. Strainer elements and cover bolts in all sizes are stainless steel.

Neptune strainers are rated at 150 psi working pressure. Each strainer is hydrostatically tested at 300 psi before shipment to ensure hydraulic integrity.

Warranty

Neptune provides a limited warranty with respect to its strainers for performance, materials, and workmanship. For owner maintenance purposes, Neptune offers a complete inventory of replacement parts. When required, maintenance is easily accomplished without removing the strainer from the service line.

KEY FEATURES

Lead free, high-copper alloy or Rilsan nylon-coated ductile iron body ensures durability; chemical and corrosion resistant

NSF/ANSI 61 certified and NSF/ANSI 372 compliant

Low head loss

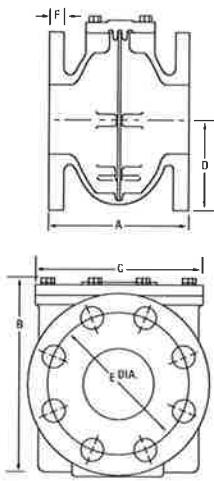

Stainless steel strainer plate and cover bolts

Height to center line matches Neptune HP Turbines for easy installation

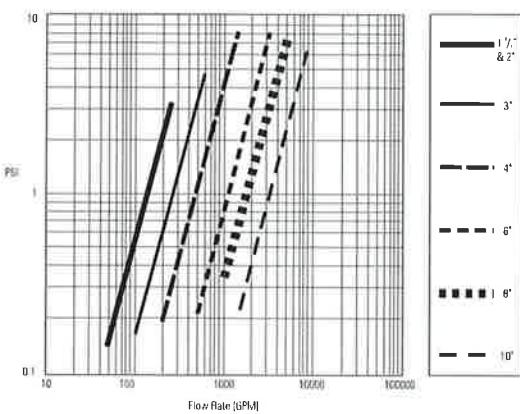

In-line serviceability

Trimble Ranger 3XE Handheld Data Collector

Streamline and Automate Water Measurement

When you work with the Neptune® R900® System, you'll streamline and automate processes to help your workforce be more efficient in their jobs, saving your utility time and money. The Trimble Ranger 3XE's intuitive design reduces training time, and our automated features ensure that the data you collect is accurate and easy to share with other departments. And if you need it, you can count on our support staff to resolve issues quickly and efficiently. Neptune's systems provide the foundation that you can build on, turning data into meaningful information to improve accuracy, identify hidden causes of loss, and streamline operations.

Protect Assets While Adopting New Technologies

Neptune has designed the R900 System to ensure that individual components work easily with past generations of equipment, and will work just as seamlessly with future innovations as your utility's needs evolve. For instance, the Trimble Ranger 3XE maintains support to read R900® MIUs through its internal HR2650i receiver. The Ranger lets you choose manual keyed entry, probed, and walk-by RF data collection methods at any time. The Ranger can also be paired via Bluetooth with the R900® Belt Clip Transceiver (BCT). This enables features such as RF-activated data logging to extract 96 days' worth of hourly consumption data from the new enhanced R900 or E-CODER®)R900i™ for an individual account. You can phase in these and other new features and equipment at your own pace, confident that Neptune will support your future needs without leaving stranded assets.

Address Customer Issues And Improve Service

With the Trimble Ranger 3XE and R900 BCT, access to the meter is not an issue, so your meter readers can quickly capture the information they need remotely. Your field personnel can now have AMI functionality in the palm of their hand, with immediate access to detailed interval data as well as flags for leaks, tamper, and reverse flow from E-CODER®-equipped meters. They can generate graphs of a customer's water consumption and show the customer on-screen exactly when excessive water usage occurred or when a probable continuous leak began. Seeing usage patterns and receiving alerts will help your utility proactively improve your customer service, heading off high bill complaints, reducing delinquent payments, and avoiding write-offs in the process.

KEY BENEFITS

Increases Efficiency

- Supports multiple data collection methods – manual keyed entry, probed, and mobile RF
- Integrated HR2650i receiver for easy transition to mobile RF
- Supports two-way communication to R900 when connected to R900 Belt Clip Transceiver (BCT)

Protects your meter reading data

- SD card backup
- Meets MIL-STD-810G for impact, vibration, humidity, altitude, and extreme temperatures
- Meets IP67 for protection against dust and water intrusion

Analyze data at the source

- View data logging graphs in the field to address high bill complaints
- Identify high/low audit status failures
- Receive leak, reverse flow, and days of no flow alerts from E-CODER-equipped meters

Specifications

Operating System

- Windows Mobile 6.5 Professional

Software Application

- N_SIGHT® (version 4.7 or later)

Processor

- TI AM3715 Sitara ARM Cortex-A8 processor at 800 MHz

Memory

- 256 MB RAM

Display

- 4.2 in (10.6 cm), 640 x 480 pixel, VGA TFT with LED backlighting

Keyboard:

- QWERTY full keypad with number pad, directional buttons with 4 programmable buttons

Power Supply

- Rechargeable lithium ion battery pack – 11.1V, 2500 mAh, 27.8 Wh

Power management system

- Integrated charge status and low battery indicator

Typical 10+ hour work day

Communication

- Bluetooth 2.0 + EDR

- WiFi (802.11b/g)

WWAN Radios

- HSDPA, Tri-band

- HSDPA/UMTS: 850/1900/2100 MHz, Quad-band

- GSM/GPRS/EDGE

- CDMA

Audio

- Integrated speaker and microphone

AMR RF Receiver

- HR2650i integrated receiver, Also compatible via Bluetooth with R900 BCT

Dimensions

- Height: 1.9" (4.8 cm)
- Width: 5.2" (13.1 cm)
- Length: 10.5" (26.6 cm)
- Weight: 2.3 lbs. (1.04 kg) including rechargeable battery and stylus

Temperature Range

- Operating: -22°F to +140°F (-30°C to +60°C)
- Storage: -40°F to +158°F (-40°C to +70°C)

Environmental – Meets or Exceeds:

- Water: IEC-529, IP67
- Sand & Dust: IEC-529, IP67
- Drop: MIL-STD-810G, Method 516.6, Procedure IV
- Vibration: MIL-STD-810G, Method 514.6, Procedure I, II
- Operating and Storage Temperature: MIL-STD-810G, Method 501.5 – Procedure I, II, Method 502.5 – Procedure I, II, III

- Temperature Shock: MIL-STD-810G, Method 503.5, Procedure I

- Humidity: MIL-STD-810G, Method 507.5

- Altitude: MIL-STD-810G, Method 500.5, Procedure I, II, III

Approvals

- FCC, CE, R&TTE, IC (Canada), C-tick, GCF compliant, RoHS compliant, Section 508 compliant, AT&T certified, WiFi Alliance certified, MIL-STD-810G, IP67, MIL-STD-461

Accessories

- Ethernet communications and charging cradle
- Replacement lithium-ion battery
- Hand strap
- AC power adapter
- Anti-glare screen protector
- Stylus

Warranty

- Two year comprehensive warranty
- Hardware and software maintenance contracts available

A PRODUCT SHEET OF NEPTUNE TECHNOLOGY GROUP

E-CODER®)R900*i*™

Protect And Expand Your Technology Investments

Neptune® designed the R900® System to make it easy for your utility – installation, everyday use, and expansion for the future without stranded assets. The E-CODER®)R900*i*™ combination absolute encoder register/radio frequency meter interface unit (RF MIU) is a perfect example of all of the above. Not only does it work with past generations of meters and meter reading systems, but seamless integration is built into this single-unit endpoint itself, providing two-way communications of advanced metering data. The E-CODER®)R900*i*'s interleaved mobile and high-power fixed network messages allow for simple migration from mobile to fixed network reading without site visits or reprogramming.

Streamline Operations And Manage Resources

In addition to eliminating the need for programming, the E-CODER®)R900*i* has no external wires, making installation easier, faster, and less costly; plus it reduces potential vandalism or tamper. As with the rest of the R900 System, the design of the unit is intuitive and user-friendly so that minimal training is required for operation. It's designed to help manage time, labor, and other resources. The radio frequency transmission of the E-CODER®)R900*i* can save your utility significant amounts of time in terms of both meter reading and billing, and provide flexibility to reallocate personnel to different tasks or departments depending on your changing workforce needs.

Do More With Detailed, Actionable Data

The types of data your utility can generate through the E-CODER®)R900*i* can take you far beyond a simple meter reading for a monthly bill. Hourly consumption profile information over an account's last 96 days, along with alerts for leak or backflow, help to proactively identify and resolve customer issues – heading off high bill complaints, reducing delinquent payments, and eliminating write-offs. Using Neptune® 360™ host software, your utility can leverage detailed data from the E-CODER®)R900*i* to balance water produced versus water consumed, group accounts for District Metered Area analysis, and track and manage Non-Revenue Water. From increasing efficiencies to pinpointing possible tamper or water theft to aiding customer service, the data supplied by the E-CODER®)R900*i* can help your utility make better, more confident decisions.

KEY BENEFITS

Facilitates Migration to AMI

- 1 Watt fixed network message reduces infrastructure costs
- Interleaved mobile and fixed network messages facilitate migration without changing the "modes" in the MIU

Reduces Non-Revenue Water

- Provides leak history/diagnostics
- Enables proactive leak notification
- Provides hourly consumption data
- Improves meter reading accuracy
- Eliminates estimated reads

Identifies Potential Theft

- Tamper detection
- Reverse flow detection
- Identifies significant periods of zero consumption

Simplifies Installation Process

- Easy to install/no programming required
- No external wires
- Reduces labor cost
- Reduces potential wire vandalism and damage

Technical Specifications

Electrical Specifications

- MIU power: Lithium battery with capacitor

Transmitter Specifications

- Two-way MIU
- Transmit period (interleaved mobile and fixed network messages):
 - Standard mobile message every 14 seconds at 100 mW
 - Standard fixed network message every 7½ minutes at 1 Watt
- FCC verification: Part 15.247:
 - Transmitter channels: 50; frequency-hopping, spread-spectrum
 - Channel frequency: 910 to 920 MHz

- Encoder register reading interval:
 - Every 15 minutes

- Data logging interval:
 - 96 days of hourly data

Environmental Conditions

- Operating temperature: -22°F to +149°F (-30°C to +65°C)
- Storage temperature: -40°F to +158°F (-40°C to +70°C)
- Operating humidity:
 - Inside set - 0 to 95%, condensing
 - Pit set - 100% submersible

Materials

- Register housing:
 - Inside set: plastic polycarbonate
 - Pit set: roll-sealed copper shell

- Lens:
 - Inside set: plastic
 - Pit set: glass

Antennas

- Standard internal antenna
- Optional through-the-lid antenna:
 - 18" Coax
 - 6' Coax
 - 20' Coax

Options

Compatibility

- Available for all sizes and makes of current Neptune meters
- Handhelds with R900® Belt Clip Transceiver - mobile RF
- MRX920™ - mobile RF
- R900® Gateways - fixed network RF

Units of Measure: U.S. Gallons, Cubic Feet, Imperial Gallons, Cubic Metres

Warranty

20 years (10/10); refer to specific Warranty Statement

- 1 Internal Antenna
- 2 Optional Antenna Port
- 3 Solar Panel
- 4 Date of Manufacture
- 5 LCD Display
- 6 T-10® Meter

	FLOW INDICATOR Shows the direction of flow through the meter: ON Water in use. OFF Water not in use. Flashing Water is running slowly. (-) Reverse flow. (+) Forward flow.
	LEAK INDICATOR Displays a possible leak: OFF No leak indicated. Flashing Intermittent leak indicates that water has been used for at least 50 of the 96 15-minute intervals during a 24-hour period. On Continuously Indicates water use for all 96 15-minute intervals during a 24-hour period.
	RATE RATE OF FLOW Average flow rate is displayed every twelve seconds on LCD display.
	LCD DISPLAY Nine-digit LCD displays the meter reading in billing units of measure: U.S. gallons, cubic feet, Imperial gallons, or cubic metres. ① E-CODER basic reading/customary 6-digit remote reading ② Customary sweep hand digits ③ E-CoderPLUS reading (8-digit remote reading) ④ Testing units used for diagnostics ⑤ Extended reading units ⑥ Customary billing units

Superior Accuracy. Zero Maintenance.

Neptune® MACH 10® Ultrasonic Meter

The MACH 10® ultrasonic water meter features solid state ultrasonic technology including a factory-calibrated, replaceable unitized measuring element (UME) with no degradation of accuracy over time. Combined with a corrosion-resistant, lead-free, high-copper alloy maincase, the MACH 10 is built to withstand demanding service conditions and deliver sustained accuracy over the life of the meter.

- Sizes 3", 4", and 6"
- Advanced ultrasonic technology with easily replaceable UME design
- Accuracy sustained over meter life
- Can be installed in both horizontal and vertical applications
- Available in standard turbine and compound lay lengths
- Lead free, high-copper alloy maincase
- Open flow path design with low pressure loss

MRX920™ Mobile Data Collector and MX900™ Software

Make Reading Success and Efficiency Automatic

Reliable, accurate, and field-proven, Neptune's MRX920™ mobile data collector – along with its MX900™ meter routes and mapping software – has helped water utilities across North America streamline, automate, and increase operational efficiencies. As part of Neptune's R900® System, the MRX920 helps transform data into actionable information that helps identify hidden causes of loss and optimize operational efficiency.

Strapped to the seat of your utility vehicle, the MRX920 reads up to fifty (50) meters simultaneously as your meter reader cruises down the streets. And in conjunction with the routes-integrated/Esri®-powered MX900 mapping, meter reading is automatic, fast, and effortless for your meter readers, accurate with less manpower deployed for your utility.

The MRX920 comes with Bluetooth capability, so your meter readers have the option of wirelessly updating routes and uploading the latest readings to the host system remotely and in near real-time without having to return to the office^{1,2}.

Additionally, Neptune has ported its well-established R900 radio frequency (RF) architecture to the latest release of MRX920 using software-defined radio (SDR) technology. This means all Neptune data collection systems have a common, core code base which translates to faster availability of new features and functionalities for your utility.

Make Migration to Other Technology Simple

The R900 System is designed to easily accommodate and support past generations of meters, encoder registers, and data collectors – while at the same time giving your utility the flexibility to incorporate future innovations as needed. The MRX920 is no exception, providing seamless compatibility with all generations of R900 MIUs. Its industry-leading performance can save days or even weeks for your meter reading routes, and new features within its MX900 software, such as Esri-powered mapping and wireless mobility, make valuable data available in real time as you read your system. Feel free to phase in these new features and equipment at your own pace, secure in the knowledge that Neptune will support your future needs without leaving you with stranded assets.

KEY BENEFITS

Reduced Meter Reading Time

- Reads up to fifty (50) meters simultaneously

Simple Access to Actionable Data

- Esri-powered GIS maps¹ show meter reading and flag status
- Wireless mobility – communicate meter reading data back to N_SIGHT® in real time¹
- User-configurable advanced filtering shows you only the information you need
- Data logging and off-cycle reads without physical access to the meters

Analyze Data at the Source

- View data logging graphs in the field and share with homeowner to address high bill complaints
- Identify high/low audit status failures
- Receive leak, reverse flow, and days of no flow alerts from E-CODER®-equipped meters

¹ Optional MX900™ Mapping and Mobility module required. Mobile computing device recommended and not included.

² Cellular or Internet connection required.

Save Your Utility – and Your Customers – Time and Money

While the R900 System always allows your utility to migrate forward to implement fixed network data collectors, or backward to use RF technology for individual off-cycle readings or data logging, using the MRX920 and MX900 software as a part of your system makes for fast and simple access to information that can provide effective resolutions to customers' water-related issues. With detailed consumption data in hand while working in the field, along with proactive alerts of leaks and backflow conditions, you can enhance customer service. In the process, you can even preempt high bill complaints, reduce delinquent payments, and eliminate write-offs.

Specifications

Physical Specifications

- Dimensions:
8" (width) x 3.15" (height) x 11" (length excluding connections and handle)

- Weight: ~5 lbs

Electrical Specifications

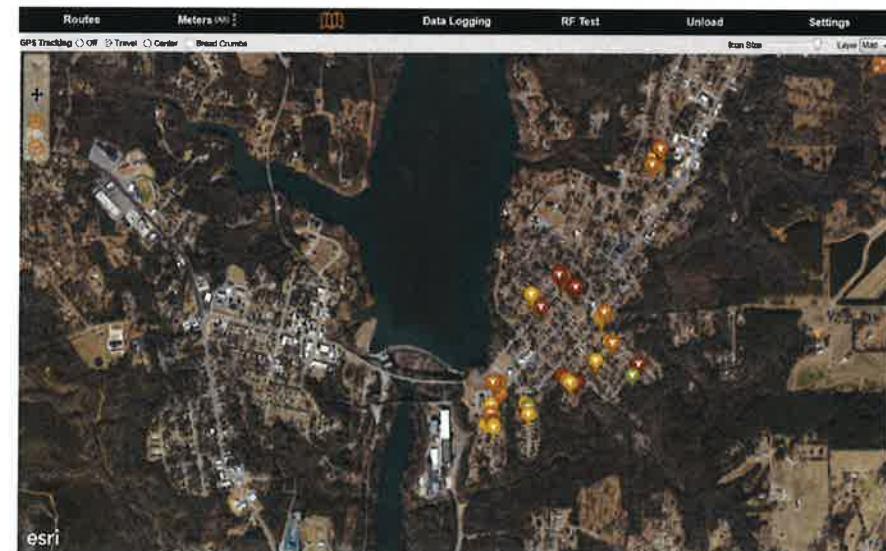

- Power consumption: < 1A
- Power supply: 12V DC via vehicle power source adapter

Neptune recommends the following mobile computing hardware specifications for optimal performance:

- 12.1" XGA (800 x 600) minimum
- 89-key keyboard
- Operating System:
 - Windows® 7 Professional 32 & 64
 - Windows® 8 Professional 32 & 64
 - Windows® 8.1 Professional 64
 - Windows® 10 Professional 64
- .Net Framework 4.5 or higher
- Processor: Intel Pentium 1.7 Ghz or faster processor
- Memory: 1 GB minimum
- Communication
 - Internal 802.11 b/g wireless LAN
 - Windows Wireless Connection Manager (if Bluetooth connection to the receiver is desired, Bluetooth v2.1 + EDR required)
- USB 2.0
- GPS receiver (required for the mapping and mobility module)
- Minimum of 2 GB of available hard drive space

Environmental Conditions

- Operating temperature:
-4°F to +122°F (-20°C to +50°C)
- Storage temperature:
-40°F to +185°F (-40°C to +85°C)
- Operating humidity: 5 to 95% non-condensing relative humidity

A PRODUCT SHEET OF NEPTUNE TECHNOLOGY GROUP

R900® Wall or Pit Meter Interface Unit (MIU)

Build Onto Your Existing Technology Investment

As part of Neptune's R900® System, the R900® meter interface unit (MIU) was designed for flexibility. Like its fellow system components, the R900 MIU works seamlessly with prior generations of equipment. At the same time, it allows your utility to incorporate innovations as you need. A single radio frequency unit that can transmit meter reading data using any reading method – mobile or fixed network – the R900 MIU never has to be reprogrammed. That makes migrating to new technologies simple whenever your utility is ready to implement them. When it's time to add new features or functionality, you can do it at your own pace, confident of continual system support without stranded assets.

Conserve Resources, Simplify Operations

With the pressures your utility faces, Neptune® knows you don't have time, personnel, water, or revenue to waste. That's why we designed the R900 MIU and the rest of the system for ease of use. In addition, the R900 MIU's interleaved, high-power, 1 Watt fixed network message reduces infrastructure costs while allowing reading in any mode – without separate reading systems, site visits, or any type of MIU reconfiguration. The R900 MIU provides fixed network transmission capability at all times, while it also transmits readings for walk-by or mobile methods. Making operations even easier, the user-friendly, intuitive R900 System design requires only minimal training, providing you flexibility to adapt to changes in your workforce and reallocate staff to different departments as needed.

Reduce Complaints, Delinquencies, And Write-Offs

Neptune's R900 MIU greatly improves access to meter readings, while delivering detailed consumption profile information as well as alerts for leak or backflow, helping your utility more proactively identify and resolve customers' questions. This accurate, timely data can be used to head off high bill complaints, reduce delinquent payments, and eliminate write-offs.

Because detailed data logging information from the last 96 days is always available, just waiting to be transmitted by the R900 MIU when needed, personnel can take care of a customer's issue then and there, in a single site visit. Not only can the data boost efficiency and customer service, but it will also help your utility make better-informed decisions going forward.

KEY BENEFITS

Facilitates Migration to AMI

- 1 Watt fixed network message reduces infrastructure costs
- Interleaved mobile and fixed network messages facilitate migration without changing the "modes" in the MIU

Reduces Non-Revenue Water

- Provides leak history/diagnostics
- Enables proactive leak notification
- Provides hourly consumption data
- Improves meter reading accuracy
- Eliminates estimated reads

Identifies Potential Theft

- Tamper detection
- Reverse flow detection
- Identifies significant periods of zero consumption

Simplifies Installation Process

- Easy to install/no programming required
- Reduces labor cost

Technical Specifications

Electrical Specifications

- MIU power: Lithium battery with capacitor

Transmitter Specifications

- Two-way MIU
- Transmit period (interleaved mobile and fixed network messages):
 - Standard mobile message every 14 seconds at 100 mW
 - Standard fixed network message every 7½ minutes at 1 Watt
- FCC verification: Part 15.247
 - Transmitter channels: 50; frequency-hopping, spread-spectrum
 - Channel frequency: 910 to 920 MHz
- Encoder register reading interval:
 - Every 15 minutes

Data logging interval:

- 96 days of hourly data

Environmental Conditions

- Operating temperature: -22°F to +149°F (-30°C to +65°C)
- Storage temperature: -40°F to +158°F (-40°C to +70°C)
- Operating humidity: 100% condensing

Antennas

- Wall MIU: standard internal antenna
- Pit MIU: standard through-the-lid antenna
 - 18" Coax
 - 6' Coax
 - 20' Coax

A PRODUCT SHEET OF NEPTUNE TECHNOLOGY GROUP

T-10® METER

SIZES: 1 ½" and 2"

Construction

Every Neptune® T-10® water meter meets or exceeds the latest AWWA C700 Standard. Its nutating disc, positive displacement principle has been time-proven for accuracy and dependability since 1892, ensuring maximum utility revenue.

The T-10 water meter consists of three major assemblies: a register, a lead free, high-copper alloy maincase, and a nutating disc measuring chamber.

The T-10 meter is available with a variety of register types. For reading convenience, the register can be mounted in one of four positions on the meter.

The corrosion-resistant, lead-free, high-copper alloy maincase will withstand most service conditions: internal water pressure, rough handling, and in-line piping stress.

The innovative floating chamber design of the nutating disc measuring element protects the chamber from frost damage while the unique chamber seal extends the low-flow accuracy by sealing the chamber outlet port to the maincase outlet port. The nutating disc measuring element utilizes corrosion-resistant materials throughout and a thrust roller to minimize wear.

Warranty

See Neptune Meter Warranty Statement for warranty details.

When desired, maintenance is easily accomplished either by replacement of major assemblies or individual components.

KEY FEATURES

Register

- Magnetic-driven, low-torque registration ensures accuracy
- Impact-resistant register
- High-resolution, low-flow leak detection
- Bayonet-style register mount allows in-line serviceability
- Tamperproof seal pin deters theft
- Date of manufacture, size, and model stamped on dial face

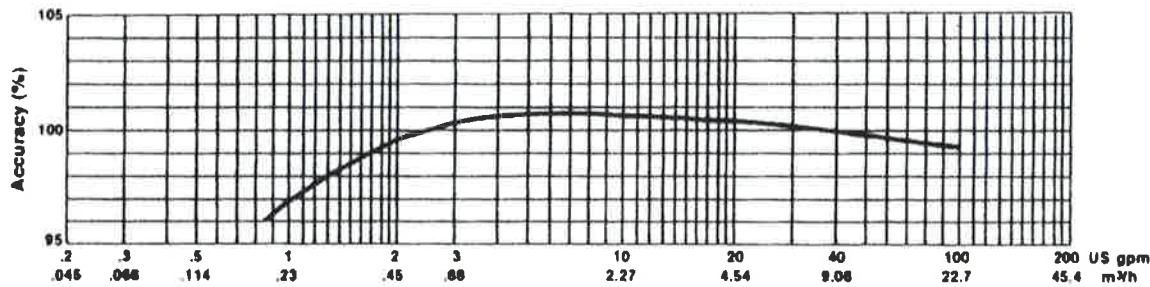

Lead Free Maincase

- Made from lead free, high-copper alloy
- NSF/ANSI 61 Certified
- NSF/ANSI 372 Certified
- Lifetime guarantee
- Resists internal pressure stresses and external damage
- Handles in-line piping variations and stresses
- Lead free, high-copper alloy provides residual value vs. plastic
- Electrical grounding continuity

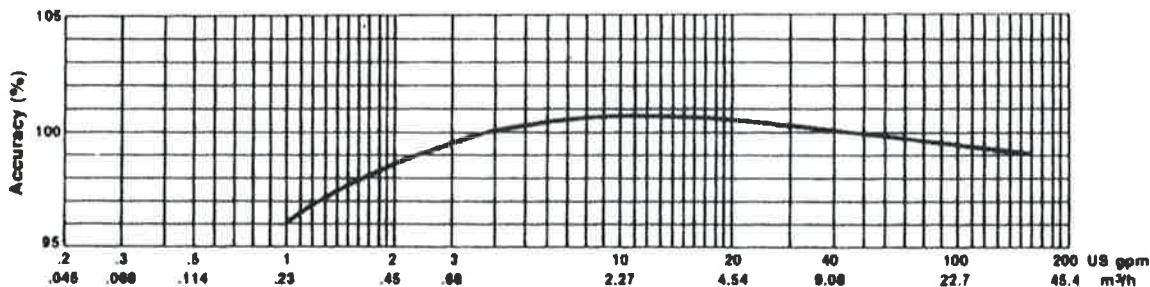

Nutating Disc Measuring Chamber

- Positive displacement
- Widest effective flow range for maximum revenue
- Proprietary polymer materials maximize long-term accuracy
- Floating chamber design is unaffected by meter position or in-line piping stresses

R900® Belt Clip Transceiver

Automate Measurement to Activate Operational Efficiency

As part of the Neptune® R900® System, the R900® Belt Clip Transceiver (R900 BCT) is your utility personnel's partner in mobile meter reading and in-field customer support and is now iOS compatible.

The R900 BCT's two-way communications to the R900® MIU eliminate meter access issues and speed up retrieval of valuable data logging information – up to 96 days of historical hourly consumption data from an individual account. In addition, its exceptional radio frequency (RF) throughput reduces meter reading time, especially in high-density environments. Field personnel can even read R900s while performing maintenance or other tasks when taking advantage of the R900 BCT's unattended operations mode. These automated features ensure you collect accurate data that can be turned into meaningful information – to help improve accuracy, identify hidden causes of loss, and optimize the efficiency of your operations.

Move Ahead with Backward Compatibility and Forward Innovation

The R900 BCT, as with the rest of the Neptune R900 System, works with past generations of equipment while remaining flexible to incorporate innovations as needed. The R900 BCT maintains support to read previous generations of R900 MIUs yet introduces powerful software-defined radio (SDR) technology to support the new advanced two-way features of the R900 System. Now, the R900 BCT is capable of reading electric, bubble-up ERT® devices and processing SCM or SCM+ message files that these ERT devices transmit. This gives utilities the freedom of equipping with just the R900 BCT to read both water and electric meters.

So, go ahead and phase in new features and equipment at your own pace with confidence that Neptune will support your future needs without leaving you with stranded assets.

Present Consumption Data in the Field for Proactive Customer Service

Simplified access to critical information means your utility can provide even more proactive customer service. Pairing the R900 BCT with a handheld device or a mobile device running Neptune software, your personnel can maximize their efficiency in the field, with the flexibility to perform impromptu service calls and address customer service issues on-site without a separate truck roll¹. With the data literally in hand, they can share data logging graph information with homeowners. This on-the-spot, on-site presentation of how much water they used and when, helps head off customer complaints regarding high water bills, reduce delinquencies, and avoid write-offs.

KEY BENEFITS

Increases meter reading efficiency

- Increased RF throughput capabilities which reduce reading time in high-density R900 environments
- Two-way communications to R900 MIU which reduces time required to retrieve data logging information
- Unattended operations mode allows utility personnel to read R900s while performing other non-meter-reading-related job functions

No stranded assets

- Compatible with all generations of R900 MIUs
- Probe compatibility with Advantage and Pocket ProReader
- Connects via Bluetooth to Trimble Nomad or Trimble Ranger for meter reading
- Connects via Bluetooth to Android or iOS mobile devices for in-field customer support
- Software-defined radio technology enables the R900 BCT to be updated for compatibility with future products

KEY BENEFITS CONTINUED

- Reads ERT devices
- Compatible with Itron electric ERT technology (bubble-up ERTs only)
- Processes SCM and SCM+ message format
- Analyze data at the source with either a smart phone or tablet
- Test-read R900s in the field or before installation to obtain reading and E-CODER® flag events
- Retrieve 96 days of hourly interval data logging information
- View graph of data logging intervals in the field
- Share data logging graph information with homeowner to address high bill complaints

¹Contact Neptune Customer Support for the latest device and operating system compatibilities.

Specifications

- Communication: Bluetooth 2.1 or later and USB
- Handheld Software Compatibility: N_SIGHT® version 4.7 or later
- Power Supply
 - Rechargeable lithium-ion battery pack – 5000 mAh capacity
 - Field-replaceable, recommended replacement every 2 years
- Memory: 4GB SD card
- Device Compatibility
 - Trimble Nomad 900B/900LE/1050B/1050LE, Trimble Ranger 3, and Android/iOS mobile devices¹
- Indicators
 - Four LEDs identify Bluetooth communication, RF status, mode status, and battery status
- Dimensions
 - Height: 3.58" (9.1 cm)
 - Width: 1.66" (4.22 cm)
 - Length: 5.75" (14.6 cm)
- Weight: 1.1 lbs. (499g) including rechargeable battery
- Temperature Range
 - Operating: -4°F to +122°F (-20°C to +50°C)
 - Storage: -40°F to +185°F (-40°C to +85°C)
- Accessories
 - Spare battery
 - Spare battery charger
 - Belt clip
 - SD card
 - 12V USB vehicle power cable
- Warranty
 - One-year comprehensive warranty
 - Hardware maintenance contracts available
- Receiver Channels: 50
- Number of Simultaneous Channels: 8
- Approvals
 - FCC Class B
 - IC

A PRODUCT SHEET OF NEPTUNE TECHNOLOGY GROUP

Fire Hydrant Meter

SIZE: 3"

The Neptune® Fire Hydrant water meter is designed for mobile use in metering flows from fire hydrants. The meter measures a wide flow range to maximize revenue. It meets or exceeds the latest performance requirements of AWWA. Maximum flow rates may be exceeded by 25% for intermittent flows.

The Fire Hydrant water meter consists of a lightweight, aluminum maincase fitted with a 2" gate valve, a turbine measuring element, and a roll-sealed register.

Construction

The aluminum maincase is Xylan® coated for corrosion resistance and is lightweight, compact, and easy to handle. This meter features a unique "balanced handle" which makes carrying and installing it easier than any other fire hydrant meter on the market. A 2" gate valve enables the user to regulate the water flow without opening and closing the fire hydrant.

The unitized measuring element (UME) allows for quick and easy interchangeability.

Exclusive dual graphite bearings provide equalized rotor loading for accuracy over a broad flow range. The thrust-compensated rotor configuration relieves pressure on the thrust bearings, which minimizes wear and provides sustained accuracy over an extended operating life. A tamper-resistant stainless steel calibration vane allows recalibration of the UME to lengthen service life and to ensure accurate registration.

The roll-sealed register eliminates leaking and fogging. A magnetic drive couples the register with the measuring element.

Warranty

Neptune provides a limited warranty with respect to its Fire Hydrant meters for performance, materials, and workmanship.

When desired, owner maintenance is easily accomplished by replacement of major components or a factory-calibrated UME.

KEY BENEFITS

Roll-Sealed Register

- Permanently-sealed, magnetic-driven register assembly eliminates leaking and fogging
- Locking register lid secures during transportation, protecting register lens
- Glass lens ensures readability and scratch resistance
- Tamperproof design prevents vandalism and allows in-service replacement of register

Cast Aluminum Maincase

- NSF/ANSI 372
- Xylan coating ensures maximum corrosion resistance
- Lightweight material ensures easy handling
- Single, balanced carrying handle provides for easy, one-person installation
- 2" gate valve allows safe pressurization of measuring element and regulation of water flow

Turbine Measuring Element

- Wide flow ranges at 98.5%-101.5% accuracy ensure maximized revenues
- Direct coupling of rotor to gear train ensures accurate registration
- UME makes maintenance easier and faster
- Stainless steel calibration vane ensures accurate registration and makes calibration easier

Specifications

Application

- Cold water measurement of flow in one direction

Maximum operating pressure

- 150 psi

Normal operation range

- 5-450 gpm (at accuracy of 100 +/- 1.5%)

Register type

- Direct reading, center sweep, roll-sealed magnetic drive with low-flow indicator
- Bronze box with locking cover

Strainer

- Plastic

Registration

- Per sweep hand revolution: 100 gallons, 10 cubic feet, 1 cubic metre

Register capacity (six-wheel odometer)

- 100,000,000 gallons
- 10,000,000 cubic feet
- 1,000,000 cubic metres

Measuring element

- AWWA Class II Turbine

Options

Size

- 2½" outlet (with 2½" gate valve)

Strainer

- Stainless steel (internal)

Orifice plate

- Size for application

Units of measure

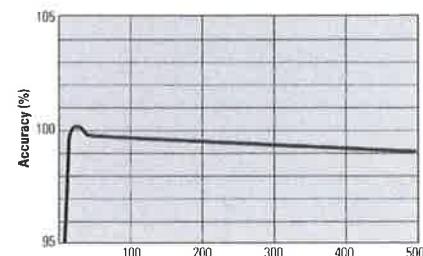

- U.S. gallons, cubic feet, cubic metres

Connections

- Less Coupling: 3" x 2" NPT
- With Coupling: 2½" NH

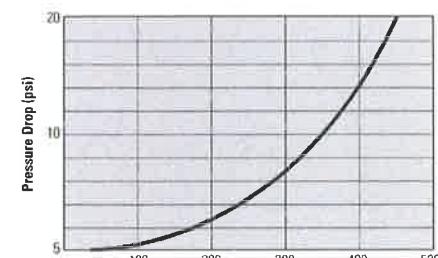

ACCURACY CHART

(Rate of Flow in Gallons per Minute)

PRESSURE LOSS CHART

(Rate of Flow in Gallons per Minute)

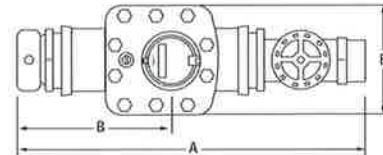

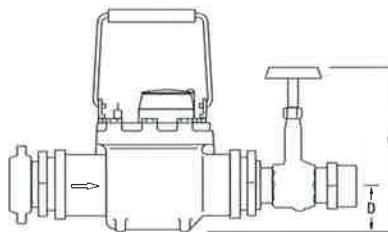

These charts show typical meter performance. Individual results may vary.

Operating Characteristics

Meter Size	Normal Operating Range @ 100% Accuracy (+/- 1.5%)	Maximum Intermittent Flow	AWWA Standard
3"	5 to 450 US gpm 1.14 to 102.2 m³/h	560 US gpm 127.2 m³/h	8 to 435 US gpm 1.8 to 98.8 m³/h

Dimensions

**MASTER AGREEMENT FOR
WATER METER AND METER READING
EQUIPMENT PURCHASES**

**EXHIBIT C
PRODUCT WARRANTY**

E-CODER®)R900i™

1. WARRANTY EFFECTIVE DATE

This warranty will be effective for any E-CODER®)R900i™ that has shipped since product introduction.

2. E-CODER)R900i

Neptune Technology Group Inc. warrants that the E-CODER)R900i (which includes a Neptune®-supplied battery that is not intended to be removable or replaceable) shall be free from defects in manufacture and design for a period of twenty (20) years from the "Date of Shipment" (such period being the "Warranty Period"). Neptune shall not be responsible for any defects in the E-CODER)R900i (whether due to design, materials, manufacture, or otherwise) which manifest themselves after the expiration of the Warranty Period. Neptune will repair or replace a non-performing E-CODER)R900i free of charge for the first ten (10) years and at a discount off of the then-current contract price or the then-current list price, whichever is less, during the remaining ten (10) years according to the discount schedule at the right.

3. WARRANTIES ARE INAPPLICABLE UNDER CERTAIN CONDITIONS.

This warranty does not include field replacement labor or materials costs, which are the responsibility of the utility. This warranty does not apply if product is placed in non-recommended installations; may have been repaired with parts not recommended by Neptune; converted, altered, or connected by other than Neptune recommended procedures; is used with other than genuine Neptune meter registers and components or read by equipment not approved or licensed by Neptune; or damaged due to improper care or maintenance, or improper periodic testing (please refer to E-CODER)R900i Installation and Maintenance Guide). This warranty does not apply to any E-CODER)R900i that has been damaged by, or subjected to, conditions which, in the opinion of Neptune, have affected the E-CODER)R900i register's ability of performance, including but not limited to: misuse; improper handling; application or installation; excessive operating conditions; tampering or unauthorized repairs and modifications; accidental or intentional damage; or acts of God. In no event shall Neptune be liable for special, incidental, indirect, or consequential damages, including, without limitation, lost revenue.

THE ABOVE WARRANTY FOR THE E-CODER)R900i IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY NEPTUNE WITH RESPECT TO THE E-CODER)R900i. ALL OTHER WARRANTIES, CONDITIONS, TERMS, REPRESENTATIONS, OR OTHER LEGALLY OPERATIVE PROVISIONS CONCERNING THE E-CODER)R900i ARE HEREBY EXPRESSLY EXCLUDED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY, CONDITION, TERM, AND REPRESENTATION OR OTHER LEGALLY OPERATIVE PROVISION AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THIS PARAGRAPH IS EXPRESSLY INTENDED TO EXCLUDE FROM THIS CONTRACT ALL STATUTORY AND COMMON LAW WARRANTIES TO THE MAXIMUM EXTENT PERMITTED BY LAW. TO AVOID ANY AMBIGUITY OR MISUNDERSTANDING, ALL PROBLEMS ARISING WITH AN E-CODER)R900i AFTER THIS POINT ARE BUYER'S RESPONSIBILITY. NEPTUNE'S LIABILITY SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE E-CODER)R900i. NEPTUNE SHALL NOT BE SUBJECT TO AND DISCLAIMS THE FOLLOWING: (1) ANY OTHER OBLIGATIONS OR LIABILITIES ARISING OUT OF BREACH OF CONTRACT OR OF WARRANTY, (2) ANY OBLIGATIONS WHATSOEVER ARISING FROM TORT CLAIMS (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR ARISING UNDER OTHER THEORIES OF LAW WITH RESPECT TO PRODUCTS SOLD OR SERVICES RENDERED BY NEPTUNE, OR ANY UNDERTAKINGS, ACTS, OR OMISSIONS RELATING THERETO, AND (3) ALL CONSEQUENTIAL, INCIDENTAL, SPECIAL, MULTIPLE, EXEMPLARY, AND PUNITIVE DAMAGES WHATSOEVER.

* Replacement price discount percentages will be applied towards then-current contract prices or then-current list prices, whichever is less, in effect for the year product is accepted by Neptune under warranty conditions. Replacement E-CODER)R900i registers are warranted for one (1) year after date of shipment or balance of original E-CODER)R900i warranty, whichever is greater.

MRX920™ Mobile Data Collector

WARRANTY - HARDWARE

The warranty on the MRX920 mobile data collector unit is 12 months from shipment date. Warranty applies to the collector unit only and does not include the MX900™ software or accessories including cables, antenna, carrying case, etc. Warranty services provided during the warranty period are:

- Free repair (including parts and labor) of a unit defective in materials or workmanship¹, or replacement of the defective unit at Neptune's discretion
- Return shipment of repaired product via pre-paid ground service
- Repair turnaround of five days, excluding transit time
- Toll-free assistance provided by Customer Support 1-800-647-4832
- These services are purchaser's exclusive remedy for warranty issues

HARDWARE ENTITLEMENT (EXTENDED MAINTENANCE) CONTRACT

Entitlements, previously known as "extended maintenance contracts," are available from your authorized Neptune® sales representative. An entitlement contract covers the following services beyond the original 12-month hardware warranty described in the above section:

- Free repair of unit, including parts and labor¹. Accessories and software excluded.
- Return shipment of repaired product is pre-paid ground service
- Free inspection and preventative maintenance
- Repair turnaround time of five working days, excluding transit time
- Toll-free assistance at Customer Support 1-800-647-4832

NOT INCLUDED IN THE ENTITLEMENT CONTRACT:

- Accessories, e.g., rechargeable batteries, cables, antennas, USB flash drives, any peripherals, etc.
 - MX900 software
 - Equipment damaged by abuse or negligence or environmental damage such as a result of fires and storms
 - Firmware modifications
 - Priority Overnight return shipment of repaired units
 - Neptune does not repair or support a laptop, or other devices, provided by a third party
- *MRX920 units normal wear and tear is not covered. Misuse of the unit or abuse automatically voids any warranty or entitlement contract.

REPAIR NOTES:

- A Returned Material Authorization (RMA) number MUST accompany all incoming repairs. Email Neptune Customer Support at support@neptunetg.com to request an RMA.
- Customer pays all incoming shipment charges
- Repair turnaround time for units not under warranty or an entitlement contract is 20 working days from the receipt of purchase order, excluding transit time
- For out-of-warranty units and units without entitlement contracts, repair fee charged will be based on the cost of labor and material as assessed by Neptune

- All outgoing repairs are shipped ground service. Customer may request Priority Overnight return shipment at customer's own expense.
- Repair warranty is 90 days from shipment date

NEPTUNE DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

WARRANTY - SOFTWARE

Please refer to the MX900 software warranty statement for additional terms and conditions.

WARRANTY - ACCESSORIES

Accessories are warranted against product defect or workmanship for 90 days from shipment date. Abuse and normal wear and tear excluded.

NEPTUNE DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

¹ Damages resulting from abuse and/or improper handling of the unit, as assessed by Neptune, will void the warranty and entitlement contract.

ProCoder™)R900/T™

1. WARRANTY EFFECTIVE DATE

This warranty will be effective for any ProCoder™)R900/T™ that has shipped since product introduction.

2. PROCODER)R900i

Neptune Technology Group Inc. warrants that the ProCoder)R900i (which includes a Neptune-supplied battery that is not intended to be removable or replaceable) shall be free from defects in manufacture and design for a period of twenty (20) years from the "date of shipment" (such period being the "Warranty Period"). Neptune shall not be responsible for any defects in the ProCoder)R900i (whether due to design, materials, manufacture, or otherwise) which manifest themselves after the expiration of the Warranty Period. Neptune will repair or replace a non-performing ProCoder)R900i free of charge for the first ten (10) years and at a discount off of the then-current contract price or the then-current list price, whichever is less, during the remaining ten (10) years according to the discount schedule at the right.

3. WARRANTIES ARE INAPPLICABLE UNDER CERTAIN CONDITIONS.

This warranty does not include field replacement labor or materials costs, which are the responsibility of the utility. This warranty does not apply if product is placed in non-recommended installations; may have been repaired with parts not recommended by Neptune; converted, altered, or connected by other than Neptune recommended procedures; is used with other than genuine Neptune meter registers and components or read by equipment not approved or licensed by Neptune; or damaged due to improper care or maintenance, or improper periodic testing (please refer to ProCoder™)R900/T™ Installation and Maintenance Guide). This warranty does not apply to any ProCoder)R900i that has been damaged by, or subjected to, conditions which, in the opinion of Neptune, have affected the ProCoder)R900i registers' ability of performance, including but not limited to: misuse; improper handling; application or installation; excessive operating conditions; tampering or unauthorized repairs and modifications; accidental or intentional damage; or acts of God. In no event shall Neptune be liable for special, incidental, indirect, or consequential damages, including, without limitation, lost revenue.

THE ABOVE WARRANTY FOR THE PROCODER)R900i IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY NEPTUNE WITH RESPECT TO THE PROCODER)R900i . ALL OTHER WARRANTIES, CONDITIONS, TERMS, REPRESENTATIONS, OR OTHER LEGALLY OPERATIVE PROVISIONS CONCERNING THE PROCODER)R900i ARE HEREBY EXPRESSLY EXCLUDED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY, CONDITION, TERM, AND REPRESENTATION OTHER LEGALLY OPERATIVE PROVISION AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THIS PARAGRAPH IS EXPRESSLY INTENDED TO EXCLUDE FROM

THIS CONTRACT ALL STATUTORY AND COMMON LAW WARRANTIES TO THE MAXIMUM EXTENT PERMITTED BY LAW. TO AVOID ANY AMBIGUITY OR MISUNDERSTANDING, ALL PROBLEMS ARISING WITH AN PROCODER)R900i AFTER THIS POINT ARE BUYER'S RESPONSIBILITY. NEPTUNE'S LIABILITY SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE PROCODER)R900i. NEPTUNE SHALL NOT BE SUBJECT TO AND DISCLAIMS THE FOLLOWING: (1) ANY OTHER OBLIGATIONS OR LIABILITIES ARISING OUT OF BREACH OF CONTRACT OR OF WARRANTY, (2) ANY OBLIGATIONS WHATSOEVER ARISING FROM TORT CLAIMS (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR ARISING UNDER OTHER THEORIES OF LAW WITH RESPECT TO PRODUCTS SOLD OR SERVICES RENDERED BY NEPTUNE, OR ANY UNDERTAKINGS, ACTS, OR OMISSIONS RELATING THERETO, AND (3) ALL CONSEQUENTIAL, INCIDENTAL, SPECIAL, MULTIPLE, EXEMPLARY, AND PUNITIVE DAMAGES WHATSOEVER.

R900® Meter Interface Unit (MIU)

I. WARRANTY EFFECTIVE DATE

This warranty will be effective for any R900[®] meter interface unit (MIU) that is shipped on or after October 1, 2004 (R900 v3 or later).

II. R900 METER INTERFACE UNIT

Neptune Technology Group Inc. warrants that the R900 MIU (the "MIU") (which includes a Neptune[®]-supplied battery that is not intended to be removable or replaceable) shall be free from defects in manufacture and design for a period of twenty (20) years from the "Date of Shipment" (such period being the "Warranty Period"). Neptune shall not be responsible for any defects in the MIU (whether due to design, materials, manufacture, or otherwise) which manifest themselves after the expiration of the Warranty Period. Neptune will repair or replace a non-performing MIU free of charge for the first ten (10) years and at discount off of the then-current contract price or the then-current list price, whichever is less, during the remaining ten (10) years according to the discount schedule at the right.

III. WARRANTIES ARE INAPPLICABLE UNDER CERTAIN CONDITIONS.

This warranty does not include field replacement labor or materials costs, which are the responsibility of the utility. This warranty does not apply if product is placed in non-recommended installations; may have been repaired with parts not recommended by Neptune; converted, altered, or connected by other than Neptune recommended procedures; is used with other than genuine Neptune meter registers and components or read by equipment not approved or licensed by Neptune; or damaged due to improper care or maintenance, or improper periodic testing (please refer to *R900 Installation and Maintenance Guide*). This warranty does not apply to any MIU that has been damaged by, or subjected to, conditions which, in the opinion of Neptune, have affected the R900 MIU's ability of performance, including but not limited to: misuse; improper handling; application or installation; excessive operating conditions; tampering or unauthorized repairs and modifications; accidental or intentional damage; or acts of God.

In no event shall Neptune be liable for special, incidental, indirect, or consequential damages, including, without limitation, lost revenue.

Year of Failure	R900 MIU

*Replacement price discount percentages will be applied towards then-current contract prices or then-current list prices, whichever is less, in effect for the year product is accepted by Neptune under warranty conditions. Replacement MIUs are warranted for one (1) year after date of shipment or balance of original MIU warranty, whichever is greater.

THE ABOVE WARRANTY FOR THE MIU IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY NEPTUNE WITH RESPECT TO THE MIU. **ALL OTHER WARRANTIES, CONDITIONS, TERMS, REPRESENTATIONS, OR OTHER LEGALLY OPERATIVE PROVISIONS CONCERNING THE MIU ARE HEREBY EXPRESSLY EXCLUDED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY, CONDITION, TERM, AND REPRESENTATION OR OTHER LEGALLY OPERATIVE PROVISION AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.** THIS PARAGRAPH IS EXPRESSLY INTENDED TO EXCLUDE FROM THIS CONTRACT ALL STATUTORY AND COMMON LAW WARRANTIES TO THE MAXIMUM EXTENT PERMITTED BY LAW. TO AVOID ANY AMBIGUITY OR MISUNDERSTANDING, ALL PROBLEMS ARISING WITH AN MIU AFTER THIS POINT ARE BUYER'S RESPONSIBILITY. NEPTUNE'S LIABILITY SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE MIU. NEPTUNE SHALL NOT BE SUBJECT TO AND DISCLAIMS THE FOLLOWING: (1) ANY OTHER OBLIGATIONS OR LIABILITIES ARISING OUT OF BREACH OF CONTRACT OR OF WARRANTY, (2) ANY OBLIGATIONS WHATSOEVER ARISING FROM TORT CLAIMS (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR ARISING UNDER OTHER THEORIES OF LAW WITH RESPECT TO PRODUCTS SOLD OR SERVICES RENDERED BY NEPTUNE, OR ANY UNDERTAKINGS, ACTS, OR OMISSIONS RELATING THERETO, AND (3) ALL CONSEQUENTIAL, INCIDENTAL, SPECIAL, MULTIPLE, EXEMPLARY, AND PUNITIVE DAMAGES WHATSOEVER.

A NEPTUNE TECHNOLOGY GROUP WARRANTY STATEMENT

Neptune Fire Service Water Meters

1. TERMS OF LIMITED WARRANTY

With respect to its Neptune Fire Service Cold Water Meters, which include (1) the HP PROTECTUS® III Meter and; (2) HP Fire Service Turbine and; (3) Neptune Fire Hydrant Meter, Neptune Technology Group Inc. ("Neptune") warrants the following on meters sold on or after 1/1/92:

The Neptune Fire Service Cold Water Meters will be, at the later of (i) the date of original purchase from Neptune or (ii) the date of original shipment from Neptune-authorized distributor of Water Meters (that later date is referred to as "the Date of Shipment") and will remain for a period of 18 months from the Date of Shipment, or 12 months from date of installation, free from manufacturing defects in workmanship and material.

- (a) **Registers.** Standard, roll sealed registers of the Neptune Fire Service Cold Water Meters will be at the Date of Shipment, and shall remain for the following periods, free from manufacturing defects in workmanship and material for a period of 10 years. The performance of the Water Meters Pulser RM remote is guaranteed for 1 year from Date of Shipment. The ARB®, ProRead™ (ARB VI), and E-CODER™ (ARB VII) system registers are warranted for 10 years from Date of Shipment. All ProRead encoder receptacles shipped after January 1, 2001 shall be warranted for five years from the Date of Shipment. All other components and parts are covered under Neptune's standard one-year material and workmanship guarantee.

- (b) **Meter Accuracy for Neptune Fire Service Cold Water Meters.** Neptune Fire Service Cold Water Meters will perform, for a period of one (1) year from Date of Shipment, to American Water Works Association ("AWWA") accuracy standards for new water meters.

2. WARRANTY RETURN

If a Neptune Water Meter fails an accuracy test during an applicable warranty period, it may be returned to Neptune for repair or replacement at Neptune's option. An accuracy test shall be conducted by the customer according to AWWA standards. If foreign material causes the meter not to perform appropriately, all such material shall be removed prior to the customer conducting the test. Any meter being returned for repair to Neptune under this performance guarantee must be returned with a copy of the customer's test results. If the meter is returned to Neptune without a copy of the test results or if Neptune's factory test shows the meter to meet current AWWA standards the customer will be charged a nominal testing fee by Neptune in such cases. Neptune will repair or replace the meter at Neptune's option after the meter has been tested by Neptune. Meters repaired or replaced under the performance guarantee will be guaranteed to perform to AWWA repaired meter accuracy standards.

3. WARRANTIES ARE EXCLUSIVE.

THE WARRANTIES SET FORTH IN THIS CERTIFICATE OF LIMITED WARRANTY ARE IN LIEU OF ANY OTHER WARRANTY, GUARANTEE OR REPRESENTATION, WHETHER EXPRESSED OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE WARRANTY OF MERCHANTABILITY AND THE WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE.

4. DAMAGES LIMITED TO COSTS OF REPLACEMENT AND REPAIR.

If the Neptune Fire Service Cold Water Meter fails to meet the warranties set forth in Paragraph 1 of this Certificate of Limited Warranty, Neptune, at its option shall, without charge of labor or materials, repair or replace the Neptune Fire Service Cold Water Meter or part thereof provided that (a) the Water Meter is delivered to a Neptune representative, (b) the Neptune Fire Service Cold Water Meter is accompanied by a Material Return Authorization, and (c) all costs of delivery to Neptune are assumed by the purchaser of the Water Meter. Neptune's liability is limited to its costs of replacement and repair of the defective Neptune Fire Service Cold Water Meter. Damages resulting from miscalculation of water usage or lost revenue or profit are not recoverable from Neptune. It is the responsibility of the customer to periodically verify the operation and accuracy of its meters.

5. WARRANTIES ARE INAPPLICABLE UNDER CERTAIN CONDITIONS.

The warranties set forth in this Certificate of Limited Warranty do not apply to any Neptune Fire Service Cold Water Meter that has been damaged by, or subjected to, conditions which, in the opinion of Neptune, have affected the Neptune Fire Service Cold Water Meter's ability of performance, including but not limited to; misuse; improper handling, application or installation; excessive operating conditions; foreign materials in the water; aggressive water conditions; tampering or unauthorized repairs or modifications; accidental or intentional damage; acts of God. This Certificate of Limited Warranty shall not apply if product is placed in non-recommended installation, is connected or altered by other than Neptune recommended procedures, is used with other than genuine Neptune meter registers and components or read by equipment not approved or licensed by Neptune. Neptune makes no claims concerning operability and/or compatibility or third-party reading systems. In addition, this Certificate of Limited Warranty shall not apply if third party reading equipment is believed to have caused damage to the meter or register. In order to determine its liability, if any, under this certificate of Limited Warranty, Neptune shall have the right to inspect any Neptune Fire Service Cold Water Meter or part thereof that is claimed to be defective at Neptune or other location designated by Neptune.

NEPTUNE'S LIABILITY WITH RESPECT TO BREACHES OF THE FOREGOING LIMITED WARRANTY SHALL BE LIMITED AS STATED HEREIN. NEPTUNE'S LIABILITY SHALL IN NO EVENT EXCEED THE PURCHASE PRICE. NEPTUNE SHALL NOT BE SUBJECT TO AND DISCLAIMS THE FOLLOWING: (1) ANY OTHER OBLIGATIONS OR LIABILITIES ARISING OUT OF BREACH OF CONTRACT OR OF WARRANTY (2) ANY OBLIGATIONS WHATSOEVER ARISING FROM TORT CLAIMS (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR ARISING UNDER OTHER THEORIES OF LAW WITH RESPECT TO PRODUCTS SOLD OR SERVICES RENDERED BY NEPTUNE, OR ANY UNDERTAKINGS, ACT OR OMISSIONS RELATING THEREETO, AND (3) ALL CONSEQUENTIAL, INCIDENTAL, SPECIAL, MULTIPLE, EXEMPLARY, AND PUNITIVE DAMAGES WHATSOEVER.

Neptune Fire Service Stainless Steel (S) Meters

1. TERMS OF LIMITED WARRANTY

With respect to its Neptune's Fire Service Cold Water Meters, which include (1) the HP PROTECTUS® III S and HP Fire Service Turbine S, Neptune Technology Group Inc. ("Neptune") warrants the following on meters sold on or after 09/01/2009:

The Neptune Fire Service Cold Water Meters will be, at the later of (i) the date of original purchase from Neptune or (ii) the date of original shipment from Neptune-authorized distributor of water meters (that later date is referred to as "the Date of Shipment") and will remain for a period of 18 months from the Date of Shipment, or 12 months from date of installation, free from manufacturing defects in workmanship and material.

(a) **Registers.** Standard, roll-sealed registers of the Neptune Fire Service Cold Water Meters will be at the Date of Shipment, and shall remain for the following periods, free from manufacturing defects in workmanship and material for a period of ten (10) years. The ARB®, ProRead™ (ARB VI), and E-Coder® (ARB VII) system registers are warranted for ten (10) years from Date of Shipment. All ProRead encoder receptacles shipped after January 1, 2001 shall be warranted for five (5) years from the Date of Shipment. All other components and parts are covered under Neptune's standard one-year material and workmanship guarantee.

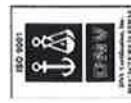

(b) **Meter Accuracy for Neptune Fire Service Cold Water Meters.** Neptune Fire Service Cold Water Meters will perform, for a period of one (1) year from Date of Shipment, to American Water Works Association ("AWWA") accuracy standards for new water meters.

(c) **Stainless Steel Body.** Neptune warrants that the stainless steel body shall remain free from corrosion due to exposure to normal environmental conditions for a period of twenty (20) years from the date of shipment (such period being the "Warranty Period"). For the purposes of this limited warranty, "corrosion" is defined as [through-wall penetration of the stainless steel body]. Neptune will, at its option, repair or replace a corrosion defect free of charge for the first (10) years and at a prorated replacement cost of the current list price during the remaining ten (10) years per the table.

(d) **Meter Accuracy for Neptune HP Protectus III S T-10 bypass meter.** Neptune HP PROTECTUS III S T-10 bypass meter is warranted to meet or exceed, as listed herein, accuracy standards of the AWWA Standard C700-95 for a period of: (i) five (5) years from Date of Shipment for 1" meters; (ii) for a period of two (2) years from the Date of Shipment for 1 1/2" and 2" meters; or (iii) the applicable registration shown below, whichever occurs first. Neptune further guarantees that the HP PROTECTUS III S T-10 bypass meter will perform to at least Repaired Meter Accuracy Standards, according to AWWA Manual M-6 Chapter 5 (1999) Table 5.3 for an additional ten (10) years or the registration shown below, whichever occurs first.

Year of Failure	Body Replacement Cost
1-10	Full replacement
11	20%
12	40%
13	60%
14	80%
15-20	90%

* Replacement cost percentages will be applied towards published list prices in effect for the year product is accepted by Neptune under warranty conditions. Replacement bodies are warranted for one (1) year after date of shipment or original body warranty, whichever is greater.

SIZE	EXTENDED LOW FLOW ACCURACY	NEW METER ACCURACY	REPAIRED METER ACCURACY
1"	3/8 US gpm @ 95%, 5 years or 1,000,000 gallons	1,000,000 gallons	3,000,000 gallons
1 1/2"	3/4 US gpm @ 95%, 2 years or 1,600,000 gallons	1,600,000 gallons	5,000,000 gallons
2"	1 US gpm @ 95%, 2 years or 2,700,000 gallons	2,700,000 gallons	8,000,000 gallons

2. WARRANTY RETURN

If a Neptune water meter fails an accuracy test during an applicable warranty period, it may be returned to Neptune for repair or replacement at Neptune's option. An accuracy test shall be conducted by the customer according to AWWA standards. If foreign material causes the meter not to perform appropriately, all such material shall be removed prior to the customer conducting the test. Any meter being returned for repair to Neptune under this performance guarantee must be returned with a copy of the customer's test results. If the meter is returned to Neptune without a copy of the test results or if Neptune's factory test shows the meter to meet current AWWA standards, the customer will be charged a nominal testing fee by Neptune in such cases. Neptune will repair or replace the meter at Neptune's option after the meter has been tested by Neptune. Meters repaired or replaced under the performance guarantee will be guaranteed to perform to AWWA repaired meter accuracy standards.

3. WARRANTIES ARE EXCLUSIVE.

THE WARRANTIES SET FORTH IN THIS CERTIFICATE OF LIMITED WARRANTY ARE IN LIEU OF ANY OTHER WARRANTY, GUARANTEE OR REPRESENTATION, WHETHER EXPRESSED OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE WARRANTY OF MERCHANTABILITY AND THE WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE.

4. DAMAGES LIMITED TO COSTS OF REPLACEMENT AND REPAIR.

If the Neptune Fire Service Cold Water Meter fails to meet the warranties set forth in Paragraph 1 of this Certificate of Limited Warranty, Neptune, at its option shall, without charge of labor or materials, repair or replace the Neptune Fire Service Cold Water Meter or part thereof, provided that (a) the Water Meter is delivered to a Neptune representative, (b) the Neptune Fire Service Cold Water Meter is accompanied by a Material Return Authorization, and (c) all costs of delivery to Neptune are assumed by the purchaser of the Water Meter. Neptune's liability is limited to its costs of replacement and repair of the defective Neptune Fire Service Cold Water Meter. Damages resulting from miscalculation of water usage or lost revenue or profit are not recoverable from Neptune. It is the responsibility of the customer to periodically verify the operation and accuracy of its meters.

5. WARRANTIES ARE INAPPLICABLE UNDER CERTAIN CONDITIONS.

The warranties set forth in this Certificate of Limited Warranty do not apply to any Neptune Fire Service Cold Water Meter that has been damaged by, or subjected to, conditions which, in the opinion of Neptune, have affected the Neptune Fire Service Cold Water Meter's ability of performance, including but not limited to; misuse; improper handling, application or installation; excessive operating conditions; foreign materials in the water; aggressive water conditions; tampering or unauthorized repairs or modifications; accidental or intentional damage; acts of God. This Certificate of Limited Warranty shall not apply if product is placed in non-recommended installation, is connected or altered by other than Neptune recommended procedures, is used with other than genuine Neptune meter registers and components or read by equipment not approved or licensed by Neptune. Neptune makes no claims concerning operability and/or compatibility or third party reading systems. In addition, this Certificate of Limited Warranty shall not apply if third party reading equipment is believed to have caused damage to the meter or register. In order to determine its liability, if any, under this certificate of Limited Warranty, Neptune shall have the right to inspect any Neptune Fire Service Cold Water Meter or part thereof that is claimed to be defective at Neptune or other location designated by Neptune.

NEPTUNE'S LIABILITY WITH RESPECT TO BREACHES OF THE FOREGOING LIMITED WARRANTY SHALL BE LIMITED AS STATED HEREIN. NEPTUNE'S LIABILITY SHALL IN NO EVENT EXCEED THE PURCHASE PRICE. NEPTUNE SHALL NOT BE SUBJECT TO AND DISCLAIMS THE FOLLOWING: (1) ANY OTHER OBLIGATIONS OR LIABILITIES ARISING OUT OF BREACH OF CONTRACT OR OF WARRANTY (2) ANY OBLIGATIONS WHATSOEVER ARISING FROM TORT CLAIMS (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR ARISING UNDER OTHER THEORIES OF LAW WITH RESPECT TO PRODUCTS SOLD OR SERVICES RENDERED BY NEPTUNE, OR ANY UNDERTAKINGS, ACT OR OMISSIONS RELATING THERETO, AND (3) ALL CONSEQUENTIAL, INCIDENTAL, SPECIAL, MULTIPLE, EXEMPLARY, AND PUNITIVE DAMAGES WHATSOEVER.

ProRead™/E-CODER®/ProCoder™ Encoder Warranty Statement

Products Covered

This warranty shall apply to the ProRead™ absolute encoder, E-CODER® solid state absolute encoder register, and ProCoder™ absolute encoder register, hereinafter referred to as "Product," sold by Neptune Technology Group Inc. The warranty is extended only to utilities, municipalities, other commercial users, and authorized distributors, hereinafter referred to as "Customer," and does NOT apply to consumers.

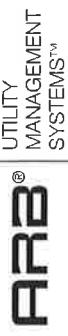

Materials and workmanship

Neptune Technology Group Inc. ("Neptune") warrants that the product shall be free from defects in manufacture and design for a period of ten (10) years from the date of shipment (such period being the "Warranty Period") when installed, serviced and operated according to Neptune's instructions. Neptune shall not be responsible for any defects in the product (whether due to design, materials, manufacture, or otherwise) which manifest themselves after the expiration of the Warranty Period. Neptune will repair or replace a non-performing product free of charge for ten (10) years.

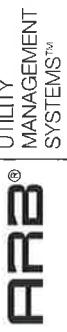

Warranties are inapplicable under certain conditions

This warranty does not include field replacement labor or materials costs, which are the responsibility of the Customer. This warranty does not apply if product is placed in non-recommended installations, may have been repaired with parts not recommended by Neptune; is converted, altered or connected by other than Neptune recommended procedures; is used with other than genuine Neptune components or read by equipment not approved or licensed by Neptune; or damaged due to improper care or maintenance, or improper periodic testing (please refer to *Encoder Quick Install Guide*). This warranty does not apply to any Product that has been damaged by, or subjected to, conditions which, in the opinion of Neptune, have affected the Product's ability of performance, including but not limited to: misuse; improper handling; application or installation; excessive operating conditions; tampering or unauthorized repairs and modifications; accidental or intentional damage; or acts of God. In no event shall Neptune be liable for special, incidental, indirect or consequential damages, including, without limitation, lost revenue.

THE ABOVE WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY NEPTUNE WITH RESPECT TO THE PRODUCT. **ALL OTHER WARRANTIES, CONDITIONS, TERMS, REPRESENTATIONS, OR OTHER LEGALLY OPERATIVE PROVISIONS CONCERNING THE PRODUCT ARE HEREBY EXPRESSLY EXCLUDED, INCLUDING WITHOUT LIMITATION, ANY WARRANTY, CONDITION, TERM, AND REPRESENTATION OR OTHER LEGALLY OPERATIVE PROVISION AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.** THIS PARAGRAPH IS EXPRESSLY INTENDED TO EXCLUDE FROM THIS CONTRACT ALL STATUTORY AND COMMON LAW WARRANTIES TO THE MAXIMUM EXTENT PERMITTED BY LAW. TO AVOID ANY AMBIGUITY OR MISUNDERSTANDING, ALL PROBLEMS ARISING WITH THE PRODUCT AFTER THIS POINT ARE CUSTOMER'S RESPONSIBILITY. NEPTUNE'S LIABILITY SHALL IN NO EVENT EXCEED THE PURCHASE PRICE. NEPTUNE SHALL NOT BE SUBJECT TO AND DISCLAIMS THE FOLLOWING: (1) ANY OTHER OBLIGATIONS OR LIABILITIES ARISING OUT OF BREACH OF CONTRACT OR OF WARRANTY; (2) ANY OBLIGATIONS WHATSOEVER ARISING FROM TORT CLAIMS INCLUDING NEGLIGENCE AND STRICT LIABILITY; OR ARISING UNDER OTHER THEORIES OF LAW WITH RESPECT TO PRODUCTS SOLD OR SERVICES RENDERED BY NEPTUNE, OR ANY UNDERTAKINGS, ACTS, OR OMISSIONS RELATING THERETO; AND (3) ALL CONSEQUENTIAL, INCIDENTAL, SPECIAL, MULTIPLE, EXEMPLARY, AND PUNITIVE DAMAGES WHATSOEVER.

NEPTUNE
TECHNOLOGY GROUP INC.

UTILITY
MANAGEMENT
SYSTEMS™

Encoder Compatibility Guarantee Automatic Reading and Billing (ARB®) System (ARB V, ProRead, E-Coder, and ProCoder)

With the purchase of the ARB encoder metering system, Neptune will provide the assurance that the ARB System purchased today can be expanded from reading with Neptune handheld devices to reading with Neptune mobile products and fixed network systems.

Guarantee of Compatibility

The Pocket ProReader RF, Advantage Probe, R900®, E-CODER®|R900i™, ProCoder|R900i, DAP handhelds (PC9300, 9800 & CE5320B) and Neptune mobile systems are designed and built by Neptune. This guarantees the utility compatibility between these systems and the ARB encoder registers.

For Probed Reads: When reading ARB encoders with the Pocket ProReader RF, Advantage Probe, or DAP handhelds (PC9300, 9800 and CE5320B), Neptune guarantees that the meter reading obtained will match the mechanical odometer reading.

For RF Reads: When reading ARB encoders connected to an R900 where the R900 reads a ProRead or ARB V encoder hourly, or in the case of E-CODER or ProCoder where the R900 reads the E-CODER or ProCoder every 15 minutes, Neptune guarantees the encoder reading and the remote reading will match upon manual activation of the R900 with a magnet to force an immediate read and transmission. In the event of the E-CODER|R900i or ProCoder|R900i where the R900 transmission is updated every 15 minutes, Neptune will guarantee the encoder reading and remote reading to match upon this update.

Damage Guarantee

The Pocket ProReader RF, Advantage Probe, R900, E-CODER|R900i, ProCoder|R900i, DAP handhelds (PC9300 & 9800, CE5320B) and Neptune mobile systems are warranted against causing damage to any ARB encoder register during interrogation. If it is found that the Pocket ProReader RF, Advantage Probe, R900, DAP handhelds (PC9300 & 9800, CE5320B) or Neptune mobile systems caused damage to an ARB encoder register during interrogation, Neptune will either repair or replace the register at no charge to the utility.

If there are any questions concerning this Meter & Reading Information Systems Guarantee, please write to: Manager of Consumer Relations, Neptune Technology Group Inc., 1600 Alabama Hwy. 229, Tallasssee, Alabama 36078.

If a Neptune water meter fails an accuracy test during an applicable warranty period, it may be returned to Neptune for repair or replacement at Neptune's option. An accuracy test shall be conducted by the customer according to AWWA standards. If foreign material causes the meter not to perform appropriately, all such materials shall be removed prior to the customer conducting the test. Any meter being returned for repair to Neptune under this performance guarantee must be returned with a copy of the customer's test results. If the meter is returned to Neptune without a copy of the test results or if Neptune's factory test shows the meter to meet current AWWA standards, the customer will be charged a nominal testing fee by Neptune in such cases. Neptune will repair or replace the meter at Neptune's option after the meter has been tested by Neptune. Meters repaired or replaced under the performance guarantee will be guaranteed to perform to AWWA repaired meter accuracy standards. This guarantee is void if components have not been maintained or installed according to Neptune installation and maintenance guidelines, or are otherwise damaged or defective. The accuracy guarantee will not apply where a properly formatted electronic meter reading cannot be obtained on six-digit encoders. The last digit will be displayed only as a zero (0) or five (5) when read remotely. As part of the encoder technology, the electronic reading from the R900 is guaranteed to match the reading on the encoder register upon manual activation of the R900 with a magnet to force an immediate read and transmission (one per hour). System damage as a result of vandalism or acts of God are not covered. Additional warranties may also apply to individual system components. Neptune's liability with respect to breaches of the foregoing warranty shall be limited as stated herein. Neptune's liability shall in no event exceed the purchase price. Neptune shall not be subject to and disclaims the following: (1) any other obligations or liabilities arising out of breach of contract or of warranty; (2) any obligations whatsoever arising from tort claims (including negligence and strict liability) or arising under other theories of law with respect to products sold or services rendered by Neptune, or any undertakings, acts, or omissions relating thereto; and (3) all consequential, incidental, special, multiple, exemplary, and punitive damages whatsoever.

THE WARRANTIES SET FORTH HEREIN ARE IN LIEU OF AND EXCLUDE ALL OTHER WARRANTIES, WHETHER EXPRESSED, IMPLIED OR STATUTORY, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

NEPTUNE
TECHNOLOGY GROUP INC.

MACH 10® Ultrasonic Meter

1. TERMS OF LIMITED WARRANTY

With respect to its Neptune® MACH 10® water meter ("MACH 10"), Neptune Technology Group Inc. ("Neptune") warrants that for meters sold after 02/01/2019 for potable water or combined potable water and residential fire service applications the MACH 10 meter will be warranted to be free from manufacturing defects in workmanship and material as follows:

The MACH 10 will be, at the later of (i) the date of original purchase from Neptune or (ii) the date of original shipment from a Neptune-authorized distributor of water meters (that later date is referred to as "the Date of Shipment"), and will remain for a period of 18 months from the Date of Shipment, or 12 months from date of installation, whichever comes first, free from manufacturing defects in workmanship and material. Neptune makes the following additional warranties with respect to certain MACH 10 components, dependent upon the size of meter:

a) Lead Free Bronze Maincase

i) 5/8" - 1" MACH 10

Neptune warrants that the MACH 10 lead free bronze maincase will be free from manufacturing defects in workmanship and material for twenty (20) years from the Date of Shipment.

ii) 1½" - 2" MACH 10

Neptune warrants that the MACH 10 lead free bronze maincase will be free from manufacturing defects in workmanship and material for ten (10) years from the Date of Shipment.

b) Electronics (Battery, PCB, Transducers, LCD)

i) 5/8" - 1" MACH 10

Neptune warrants that the electronics of the MACH 10 will be free from manufacturing defects in workmanship and material for a period of twenty (20) years from the Date of Shipment. Neptune will repair or replace a non-performing MACH 10 free of charge for the first ten (10) years and at a discount of the then-current contract price, or the then-current list price, whichever is less, during the following ten (10) years per the following table. The MACH 10 warranty does not include the external housing that encapsulates the electronics.

ii) 1½" - 2" MACH 10

Neptune warrants the electronics of the MACH 10 will be free from manufacturing defects in workmanship and material for a period of ten (10) years from the Date of Shipment. Neptune will repair or replace a non-performing MACH 10 free of charge during the ten (10) year Warranty Period. The MACH 10 warranty does not include the external housing that encapsulates the electronics.

Year of Failure	MACH 10®
Replacement Price Discount*	Replacement Price Discount*
1-10	Full replacement 100%
11	50%
12	50%
13	40%
14	40%
15	30%
16	30%
17	20%
18	20%
19	10%
20	10%

With respect to Section 1 and subparts a) and b), the period from the Date of Shipment to the expiration of the specified time period is the "Warranty Period" with respect to each specified component. Neptune shall not be responsible for any defects in the MACH 10 or any specified component (whether due to design, materials, manufacture, or otherwise) that manifest themselves after the expiration of the specified Warranty Period.

2. MACH 10 METER ACCURACY

Provided that the MACH 10 meter and the components specified in Section 1 and subparts a) and b) are functioning properly (regardless of whether the MACH 10 meter and specified components are within or outside an applicable Warranty Period), Neptune makes the following warranties with respect to meter accuracy, dependent upon the size of meter:

i) 5>" - 1" MACH 10

Neptune MACH 10 meters are warranted to meet or exceed meter accuracy of $\pm 1.5\%$ for the published ranges set forth in Neptune's current product sheet in existence at the time of the Date of Shipment of the MACH 10 meter for twenty (20) years from Date of Shipment. Neptune further warrants the MACH 10 to meet or exceed extended low flow accuracy of $\pm 3\%$ for the published ranges set forth in Neptune's current product sheet in existence at the time of the Date of Shipment of the MACH 10 meter for twenty (20) years from Date of Shipment.

ii) 1 1/2" - 2" MACH 10

Neptune MACH 10 meters are warranted to meet or exceed meter accuracy of $\pm 1.5\%$ for the published ranges set forth in Neptune's current product sheet in existence at the time of the Date of Shipment of the MACH 10 meter for ten (10) years from date of shipment. Neptune further warrants the MACH 10 to meet or exceed extended low flow accuracy of $\pm 3\%$ for the published ranges set forth in Neptune's current product sheet in existence at the time of the Date of Shipment of the MACH 10 meter for ten (10) years from Date of Shipment.

3. WARRANTY RETURNS

If a Neptune MACH 10 meter fails an accuracy test during an applicable Warranty Period, it may be returned to Neptune for evaluation. Any MACH 10 meter proved to the satisfaction of Neptune to have failed the warranties set forth in this Certificate of Warranty will, at the option of Neptune, be repaired or replaced at no cost to the customer. An accuracy test shall be conducted by the customer according to then-current AWWA testing standards. Any meter being returned for repair to Neptune under this performance warranty must be returned with a copy of the customer's test results. If the meter is returned to Neptune without a copy of the test results or if Neptune's factory test shows the meter to meet Neptune's published accuracy specifications, then the customer will be charged a nominal testing fee by Neptune in such cases. If after the meter has been tested by Neptune, Neptune determines that the meter has failed the warranties set forth in this Certificate of Warranty, then Neptune will repair or replace the meter at Neptune's option. Repaired or replacement MACH 10 meters are warranted for one (1) year after Date of Shipment of the repaired or replacement MACH 10 meter or the balance of the original MACH 10 meter warranty, whichever is greater.

4. RESPONSIBILITY LIMITED TO COSTS OF REPLACEMENT AND REPAIR

If the MACH 10 fails to meet the warranties set forth in Sections 1 and 2 of this Certificate of Warranty, then Neptune, at its option shall repair or replace the MACH 10 or part thereof, provided that (a) the MACH 10 is delivered to a Neptune representative, (b) the MACH 10 is accompanied by a Return Material Authorization (RMA), and (c) all costs of delivery to Neptune are assumed by the purchaser of the MACH 10. Neptune's liability is limited to its

costs of replacement and repair of the non-performing MACH 10, and without limitation, this warranty does not include field replacement, labor, or materials costs, which are the responsibility of the customer. Damages resulting from miscalculation of water usage or lost revenue or profit are not recoverable from Neptune. It is the responsibility of the customer to periodically verify the operation and accuracy of its meters.

5. WARRANTIES ARE INAPPLICABLE UNDER CERTAIN CONDITIONS

The warranties set forth in this Certificate of Warranty do not apply to any MACH 10 meter that has been damaged by, or subjected to, conditions which, in the opinion of Neptune, have affected the ability of the MACH 10 to perform, including but not limited to: misuse; improper handling, application or installation; excessive operating conditions; foreign materials in the water; aggressive water conditions; tampering or unauthorized repairs or modifications; accidental or intentional damage; or acts of God. This Certificate of Warranty shall not apply if the product is placed in a non-recommended installation, is connected or altered by other than Neptune recommended procedures or is read by equipment not approved or licensed by Neptune. Neptune makes no claims concerning operability and/or compatibility or third-party reading systems. In addition, this Certificate of Warranty shall not apply if third-party reading equipment is believed to have caused damage to the MACH 10. In order to determine its liability, if any, under this Certificate of Warranty, Neptune shall have the right to inspect any MACH 10 meter or part thereof that is claimed to be defective at Neptune or other location designated by Neptune.

THE ABOVE WARRANTY FOR THE MACH 10 WATER METER IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY NEPTUNE WITH RESPECT TO THE MACH 10. ALL OTHER WARRANTIES, CONDITIONS, TERMS, REPRESENTATIONS, OR OTHER LEGALLY OPERATIVE PROVISIONS CONCERNING THE MACH 10 ARE HEREBY EXPRESSLY EXCLUDED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY, CONDITION, TERM, AND REPRESENTATION OR OTHER LEGALLY OPERATIVE PROVISION AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THIS PARAGRAPH IS EXPRESSLY INTENDED TO EXCLUDE FROM THIS CONTRACT ALL STATUTORY AND COMMON LAW WARRANTIES TO THE MAXIMUM EXTENT PERMITTED BY LAW. TO AVOID ANY AMBIGUITY OR MISUNDERSTANDING, ALL PROBLEMS ARISING WITH A MACH 10 WATER METER AFTER THIS POINT SHALL BE BUYER'S RESPONSIBILITY. NEPTUNE'S LIABILITY SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE MACH 10 WATER METER. NEPTUNE SHALL NOT BE SUBJECT TO AND DISCLAIMS THE FOLLOWING: (1) ANY OTHER OBLIGATIONS OR LIABILITIES ARISING OUT OF BREACH OF CONTRACT OR OF WARRANTY, (2) ANY OBLIGATIONS WHATSOEVER ARISING FROM TORT CLAIMS (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR ARISING UNDER OTHER THEORIES OF LAW WITH RESPECT TO PRODUCTS SOLD OR SERVICES RENDERED BY NEPTUNE, OR ANY UNDERTAKINGS, ACTS, OR OMISSIONS RELATING THERETO, AND (3) ALL CONSEQUENTIAL, INCIDENTAL, SPECIAL, MULTIPLE, EXEMPLARY, AND PUNITIVE DAMAGES WHATSOEVER.

Neptune T-10, HP Turbine, TRU/FLO® Compound Cold Water Meters Warranty

1. TERMS OF LIMITED WARRANTY

With respect to its Neptune T-10, HP TURBINE, TRU/FLO® Compound Water Meters (collectively the "Water Meters"), Neptune Technology Group Inc. ("Neptune") warrants the following on meters sold on or after 11/1/92:

The Water Meters will be, at the later of (i) the date of original purchase from Neptune or (ii) the date of original shipment from Neptune-authorized distributor of Water Meters (that later date is referred to as "the Date of Shipment") and will remain for a period of eighteen (18) months from the Date of Shipment, or twelve (12) months from date of installation, whichever comes first, free from manufacturing defects in workmanship and material.

(a) **Maincase.** The no-lead high copper alloy or Brass maincase of the Water Meters will be at the Date of Shipment free from manufacturing defects in workmanship and material for the life of the Water Meter.

(b) **Frost Protection.** All Neptune T-10 Cold Water Meters shipped with a synthetic polymer or cast iron bottom cap will, commencing upon the Date of Shipment, be warranted against chamber damage for a period of ten (10) years.

(c) **Registers.** Standard, roll sealed registers of the Water Meters will be at the Date of Shipment, and shall remain for the following periods, free from manufacturing defects in workmanship and material for a period of ten (10) years. The ARB®, ProRead™ (ARB VI), E-CODER® (ARB VII), and ProCoder™ system registers are warranted for ten (10) years from Date of Shipment. All ProRead encoder receptacles shipped after January 1, 2001 shall be warranted for five years from the Date of Shipment. All other components and parts are covered under Neptune's standard one-year material and workmanship guarantee.

(d) **Meter Accuracy for Neptune T-10.** Neptune T-10 Meters and Neptune T-10 nutating disc chambers in TRU/FLO Compound Water Meters are warranted to meet or exceed, as listed herein, accuracy standards of the AWWA Standard C700-95 for a period of: (i) five (5) years from Date of Shipment for 5/8", 3/4" and 1" meters; (ii) for a period of two (2) years from the Date of Shipment for 1 1/2" and 2" meters; or (iii) the applicable registration shown below, whenever occurs first. Neptune further guarantees that the Neptune T-10 and Neptune T-10 nutating disc chambers in TRU/FLO Compound Water Meters will perform to at least Repaired Meter Accuracy Standards, according to AWWA Manual M-6 Chapter 5 (1999) Table 5.3 for an additional ten (10) years or the registration shown below, whichever occurs first.

(e) **Meter Accuracy for HP Turbine and TRU/FLO.** The HP Turbine and TRU/FLO Compound Cold Water Meters will perform, for a period of one (1) year from the Date of Shipment, to American Water Works Association ("AWWA") accuracy standards for new water meters.

SIZE	EXTENDED LOW FLOW ACCURACY	NEW METER ACCURACY	REPAIRED METER ACCURACY
5/8 & 5/8" X 3/4"	1/8 US gpm @ 95% 5 years or 500,000 gallons	500,000 gallons	1,500,000 gallons
3/4"	1/4 US gpm @ 95% 5 years or 750,000 gallons	750,000 gallons	2,250,000 gallons
1"	3/8 US gpm @ 95% 5 years or 1,000,000 gallons	1,000,000 gallons	3,000,000 gallons
1 1/2"	3/4 US gpm @ 95% 2 years or 1,600,000 gallons	1,600,000 gallons	5,000,000 gallons
2"	1 US gpm @ 95% 2 years or 2,700,000 gallons	2,700,000 gallons	8,000,000 gallons

2. WARRANTY RETURN

If a Neptune Water Meter fails an accuracy test during an applicable warranty period, it may be returned to Neptune for repair or replacement at Neptune's option. An accuracy test shall be conducted by the customer according to AWWA standards. Any meter being returned for repair to Neptune under this performance guarantee must be returned with a copy of the customer's test results. If the meter is returned to Neptune without a copy of the test results or if Neptune's factory test shows the meter to meet current AWWA standards, the customer will be charged a nominal testing fee by Neptune in such cases. Neptune will repair or replace the meter at Neptune's option after the meter has been tested by Neptune. Meters repaired or replaced under the performance guarantee will be guaranteed to perform to AWWA repaired meter accuracy standards.

3. WARRANTIES ARE EXCLUSIVE

The warranties set forth in this certificate of warranty are in lieu of any other warranty, guarantee, or representation, whether expressed or implied, including without limitation, the warranty of merchantability and the warranty of fitness for a particular purpose.

4. DAMAGES LIMITED TO COSTS OF REPLACEMENT AND REPAIR

If the Water Meter fails to meet the warranties set forth in Paragraph 1 of this Certificate of Warranty, Neptune, at its option shall, without charge of labor or materials, repair or replace the Water Meter or part thereof, provided that (a) the Water Meter is delivered to a Neptune representative, (b) the Water Meter is accompanied by a Return Material Authorization (RMA), and (c) all costs of delivery to Neptune are assumed by the purchaser of the Water Meter. Neptune's liability is limited to its costs of replacement and repair of the defective water meter. Damages resulting from miscalculation of water usage or lost revenue or profit are not recoverable from Neptune. It is the responsibility of the customer to periodically verify the operation and accuracy of its meters.

5. WARRANTIES ARE INAPPLICABLE UNDER CERTAIN CONDITIONS

The warranties set forth in this Certificate of Warranty do not apply to any Water Meter that has been damaged by, or subjected to, conditions which, in the opinion of Neptune, have affected the Water Meter's ability of performance, including but not limited to: misuse; improper handling, application or installation; excessive operating conditions; foreign materials in the water; aggressive water conditions; tampering or unauthorized repairs or modifications; accidental or intentional damage; acts of God. This Certificate of Warranty shall not apply if product is placed in non-recommended installation, is connected or altered by other than Neptune recommended procedures, is used with other than genuine Neptune meter registers and components, or read by equipment not approved or licensed by Neptune. Neptune makes no claims concerning operability and/or compatibility or third party reading systems. In addition, this Certificate of Warranty shall not apply if third party reading equipment is believed to have caused damage to the meter or register. In order to determine its liability, if any, under this Certificate of Warranty, Neptune shall have the right to inspect any Water Meter or part thereof that is claimed to be defective at Neptune or other location designated by Neptune.

NEPTUNE'S LIABILITY WITH RESPECT TO BREACHES OF THE FOREGOING LIMITED WARRANTY SHALL BE LIMITED AS STATED HEREIN. NEPTUNE'S LIABILITY SHALL IN NO EVENT EXCEED THE PURCHASE PRICE. NEPTUNE SHALL NOT BE SUBJECT TO AND DISCLAIMS THE FOLLOWING: (1) ANY OTHER OBLIGATIONS OR LIABILITIES ARISING OUT OF BREACH OF CONTRACT OR OF WARRANTY (2) ANY OBLIGATIONS WHATSOEVER ARISING FROM TORT CLAIMS (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR ARISING UNDER OTHER THEORIES OF LAW WITH RESPECT TO PRODUCTS SOLD OR SERVICES RENDERED BY NEPTUNE, OR ANY UNDERTAKINGS, ACT OR OMISSIONS RELATING THERETO, AND (3) ALL CONSEQUENTIAL, INCIDENTAL, SPECIAL, MULTIPLE, EXEMPLARY, AND PUNITIVE DAMAGES WHATSOEVER.

R900® Gateway Warranty Statement

Warranty

The warranty on the R900® Gateway data collector system components is 12 months from shipment date. Warranty services provided during warranty period are:

- For a unit defective in materials or workmanship, free repair (including parts and labor), or at Neptune's discretion, replacement of the defective unit
- Return shipment of repaired product via prepaid ground service
- Toll-free assistance at Customer Support 1-800-647-4832
- These services are purchaser's exclusive remedy for warranty issues
- Repair turnaround time of 10 working days, excluding transit time

NOT included in the Warranty:

- Battery
- Cables and hardware
- Equipment damaged by abuse or negligence, or environmental damage as a result of fires and storms
- Firmware modifications
- Priority Overnight return shipment of repaired units
- USB flash drives
- Antennas

Extended Maintenance Contract Services:

Maintenance contracts are available from your authorized Neptune Sales representative. Maintenance contract services during the extended period include:

- Free repair of unit, including parts and labor
- Return shipment of repaired product is prepaid ground service
- Free inspection and preventative maintenance
- Repair turnaround time of 10 working days, excluding transit time
- Toll-free assistance at Customer Support 1-800-647-4832

NOT included in Extended Maintenance Contract Services:

- Batteries
- Cables and miscellaneous hardware
- Equipment damaged by abuse or negligence or environmental damage as a result of fires and storms
- Firmware modifications
- Priority Overnight return shipment of repaired units
- Neptune disclaims any implied warranties, including the implied warranties of merchantability and fitness for a particular purpose
- Antennas
- USB flash drive

Repair Notes:

A Return Material Authorization (RMA) number MUST accompany all incoming repairs.
This RMA number may be obtained by calling Customer Support at 1-800-647-4832.

- Customer pays all incoming shipment charges
- All outgoing repairs are shipped ground service
- Requested Priority Overnight return shipment is paid by the customer
- Repair warranty is 90 days from shipment date
- Warranty and maintenance contract repair turnaround time of 10 working days, excluding transit time
- Non-warranty and non-maintenance contract repair turnaround time of 20 working days, excluding transit time
