CITY COUNCIL AGENDA ITEM

Memo Date: June 28, 2021
Agenda Date: July 13, 2021
Prepared By: Robert Beach, Chief Technology Officer
Requested Action:

Authorize the Mayor and City Manager to execute a Multi-Year Standard Piggyback Contract ADSPO16-130652 with CDW Government (CDW-G) for future software licensing and maintenance purchases via Contract No. ADSPO16-130652 between CDW-G and the State of Arizona.

BACKGROUND:

The City of Cocoa maintains a complex computing infrastructure that is dependent on enterprise level software and maintenance to ensure efficient operations. To minimize cost, the City has previously leveraged the State of Arizona contract ADSPO16-130652 to acquire software and maintenance through CDW-G at deeply discounted levels. Examples of software purchased through this agreement previously has included Microsoft Enterprise licensing, VMWare licensing and maintenance, and Fortinet licensing and maintenance as well as other smaller purchases.

The action requested of City Council is for execution of the Standard Piggyback Contract and future purchases made through the use of the contract will be subject to City procurement policies. It is estimated that the City could spend up to \$400,000 per year through the contract to ensure it is properly licensed and has maintenance coverage on its critical infrastructure platforms. Approval of this piggyback agreement will provide an efficient and cost-effective mechanism for the City to procure necessary licensing and maintenance through a reputable software value-added reseller

(CDW-G).

STRATEGIC PLAN CONNECTION:

By maintaining a comprehensive computing infrastructure, employees can more effectively deliver City services, provide more accurate information, more efficiently perform critical tasks.

BUDGETARY IMPACT:

All procured items which exceed the City Managers signing authority, will be brought back to City Council for approval. Individual items that may be purchased under this contract as noted above will be included in the annual adopted budget approved by City Council.

PREVIOUS ACTION:

N/A

RECOMMENDED MOTION:

Authorize the Mayor and City Manager to execute a Multi-Year Standard Piggyback Contract ADSPO16-130652 with CDW Government (CDW-G) for future software licensing and maintenance purchases via Contract No. ADSPO16-130652 between CDW-G and the State of Arizona.
